

# CASE LUBE KIT AND PAD - REDDING CASE LUBE KIT AND PAD

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

Using a lube pad is one way to lubricate cases for resizing and forming. The Redding case lube kit includes lube pad and a 2 oz. bottle of their original formula case lube. The lube pad has non-skid feet to keep the pad from sliding around your bench when in use. Redding's case lube is formulated for tough sizing and forming operations and to prolong the life of your dies. Items also sold individually.

# Safety Instruction Guide for Redding Case Lube Kit and Pad

## Introduction

Thank you for choosing the Redding Case Lube Kit and Pad. This product is designed to assist you in lubricating cases for resizing and forming. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information about product safety, usage precautions, and disposal guidelines.

## General Safety Guidelines

- **Product Safety:** This product is designed to be safe when used properly. Always follow the instructions to avoid any risks associated with its use.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized notices. Please ensure you keep updated with any recall information.
- **Online Shopping:** If purchased online, this product is subject to the same safety regulations as those bought in physical stores. Ensure that your online retailer complies with safety standards.
- **Vulnerable Groups:** Special care should be taken when using this product around children or other vulnerable individuals. Keep the product out of reach when not in use.
- **EU Contact Point:** For safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about any unsafe product alerts through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Avoid Ingestion:** The lube is not foodsafe. Do not ingest the product or allow it to come into contact with food items.
- **Skin Contact:** If the lube comes into contact with skin, wash immediately with soap and water. If irritation occurs, seek medical advice.
- **Ventilation:** Use the product in a wellventilated area to avoid inhaling any vapors.
- **Storage:** Store the lube kit in a cool, dry place away from direct sunlight and heat sources.
- **Children:** Keep the product out of reach of children. This product is not a toy.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your workspace is clean and free of any obstructions.
- Gather all necessary tools and materials before starting.

### 2. Using the Lube Pad:

- Place the lube pad on a stable surface with the nonskid feet facing down to prevent slipping.
- Apply a small amount of Redding case lube onto the lube pad.
- Roll the cases over the lube pad to evenly coat them with lube.

### 3. Resizing and Forming:

- Once the cases are lubricated, proceed with the resizing and forming operations as per your reloading instructions.
- Avoid overlubricating, as excess lube can lead to complications during resizing.

### 4. Cleaning Up:

- After use, clean the lube pad with a cloth to remove any residue.
- Store the lube kit in its original packaging or a safe container to prevent spills.

## **Disposal Instructions**

- Dispose of any unused or expired lube according to local waste management regulations.
- Do not dispose of the product in household waste. Check for local hazardous waste disposal guidelines.
- Ensure that the lube pad is clean before disposal to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Case Lube Kit and Pad, please refer to the product packaging for the designated EU contact point. Ensure you have your product details available for any inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your Redding Case Lube Kit and Pad. Thank you for your attention to these important guidelines.
