

SINCLAIR RIMFIRE GUIDES FOR 17 HMR/HM2 - SINCLAIR INTERNATIONAL SINCLAIR RIMFIRE GUIDES FOR 17 HMR/HM2, CZ 452

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

We have a large assortment of rod guides that we make for popular target/varmint rimfire rifles and are constantly adding more models to our selection. Rimfire guides can't have an O-ring due to the dimensions we are working with. Making rod guides to allow you to clean from the breech on rimfires is a little more complex due to the ejectors and trigger parts that are in the way. All of our rimfire rod guides will accept our Sinclair Solvent Ports, except for the Anschutz Model 54 guide. Does not include integral solvent port.

Safety Instruction Guide for Sinclair Rimfire Guides for 17 HMR/HM2

Introduction

Thank you for choosing the Sinclair Rimfire Guides for 17 HMR/HM2. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this guide carefully before using the Sinclair Rimfire Guides.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always handle firearms and related accessories with care and in accordance with applicable safety regulations.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use. Do not use if damaged.
- Be aware of your surroundings and ensure a safe environment when using cleaning equipment.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use only compatible cleaning rods and solvents with the Sinclair Rimfire Guides.
- Avoid using excessive force when cleaning to prevent damage to the firearm or the guide.
- Ensure that the firearm is unloaded and pointed in a safe direction before attaching or using the guide.
- Do not attempt to clean the firearm while it is loaded.
- Follow the manufacturer's recommendations for cleaning solvents and tools.
- Be cautious of the ejectors and trigger parts when using the rod guides to avoid any obstruction or injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is completely unloaded and in a safe condition.
- Gather the necessary cleaning supplies, including a compatible cleaning rod and solvent.

2. Attaching the Rimfire Guide:

- Align the Sinclair Rimfire Guide with the breech of the firearm.
- Gently insert the guide into the breech, ensuring a secure fit without forcing it.
- If applicable, connect the Sinclair Solvent Port to the guide, except for the Anschutz Model 54 guide, which does not include an integral solvent port.

3. Cleaning the Firearm:

- Insert the cleaning rod through the guide.
- Apply the cleaning solvent to the rod and proceed with cleaning according to standard firearm maintenance practices.
- Avoid using excessive force during the cleaning process.

4. Removing the Rimfire Guide:

- Once cleaning is complete, carefully remove the cleaning rod and the Rimfire Guide from the firearm.

- Store the Rimfire Guide in a safe and dry location.

Disposal Instructions

- Dispose of any cleaning solvents and materials according to local regulations.
- Do not dispose of the Sinclair Rimfire Guide in regular household waste. Check with local authorities for proper disposal methods for firearm accessories.

Contact Information for Further Support

For any questions, concerns, or safety inquiries regarding the Sinclair Rimfire Guides, please contact the manufacturer directly. Ensure you have your product details ready for efficient assistance.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your Sinclair Rimfire Guides for 17 HMR/HM2. Thank you for your attention to safety and responsible firearm maintenance.
