

LARGE DECAPPING DIE - REDDING LARGE DECAPPING DIE

[Reloading](#) > [Case Cleaning](#) > [Decapping Dies & Accessories](#)

Redding decapping dies allow you to deprime and clean your cases prior to sizing. Their small decapping die will handle cases from .22 thru .50 caliber with case lengths up to 2.5 inches. An optional decapping rod is available for .17 thru .20 caliber cases. This optional rod will also accommodate the small .060 inch flash holes found on the PPC and BR cases. For longer cases lengths up to 3.0 inch, select cases smaller than 7mm in neck size. Dies sold separately or as a complete kit. RD69100 Small Decapping Die RD69200 Large Decapping Die RD69250 Optional .17/.20 Caliber Rod RD69500 Complete Decapping Die Kit (includes both dies and optional rod)

Safety Instruction Guide for Redding Large Decapping Die

Introduction

Thank you for choosing the Redding Large Decapping Die. This product is designed to help you efficiently deprime and clean your cases before sizing. Please read this safety instruction guide carefully to ensure safe and effective use of the die.

General Safety Guidelines

- Ensure safe use of the decapping die by following all instructions.
- Be aware of potential hazards associated with the use of this product.
- Always handle the die with care to prevent accidents.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly check for any product recalls via the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the decapping die.
- Inspect the die for any damage before each use. Do not use if damaged.
- Ensure that the die is properly secured in your reloading press before use.
- Avoid placing hands or any body part near the die while in operation.
- Use only the recommended cases for the die to prevent jamming or breakage.
- Keep workspace clean and free from clutter to reduce risk of accidents.
- Do not force the die if it becomes stuck; refer to the troubleshooting section of your reloading press manual.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Remove any existing die from the press.
- Insert the Redding Large Decapping Die into the press, ensuring it is seated properly.
- Secure the die according to your reloading press's instructions.

2. Usage:

- Select the appropriate case size for the die (from .22 to .50 caliber).
- If using cases with flash holes smaller than .060 inches, ensure the optional decapping rod is installed.
- Place the case into the shell holder of the press.
- Engage the press to deprime the case, applying steady pressure.
- Inspect the deprimed case for any issues before proceeding to the next step in your reloading process.

3. PostUse Care:

- After use, clean the die to remove any residue or debris.
- Store the die in a safe, dry place away from children.

Disposal Instructions

- Dispose of any damaged or unusable parts of the decapping die in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Redding Large Decapping Die, please refer to the product packaging or visit the manufacturer's website for contact details.

By following these guidelines and instructions, you can ensure a safe and effective experience with your Redding Large Decapping Die. Thank you for your attention to safety.
