

V-MAX 22 CALIBER (0.224") POLYMER TIP BOAT TAIL RIFLE BULLETS - V-MAX .22 CAL. (0.224") 40GR POLYMER TIP BOAT TAIL 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

With its combination of proven materials, innovative design and streamlined profile, the Hornady® V-MAX® represents the pinnacle of what a specialized varmint bullet can achieve, offering straight-line trajectories, enhanced accuracy, dramatic expansion and explosive fragmentation at a wide range of distances and velocities. The industry's leading varmint bullet with polymer tip and streamlined design results in flat trajectories. The concentricity of the match grade AMP® bullet jacket provides maximum accuracy at all ranges as well as explosive expansion, even at velocities as low as 1600 fps. Product Features: POLYMER TIP The secret to the explosive terminal performance of the V-Max® is a hollow cavity resting between the tip's shaft and the body of the bullet. Upon impact, the hard shaft builds up speed and energy before driving into the core, causing the entire package to rapidly expand to the point of violent fragmentation, even at low terminal velocities. HIGHER BALLISTIC COEFFICIENT Hornady® combines the sharp, pointed polymer tip with the most aerodynamic profile for a high ballistic coefficient. The V-MAX® profile also provides the maximum bearing surface for added in-flight stability. SWAGED LEAD CORE The swaging process allows precise formation of the core up and around the tip, with a cavity under the tip's stem. This allows the tip to build up energy before smashing into the core, causing dramatic fragmentation of the core and jacket. PRECISE BOATTAIL & FLATBASE DESIGNS Utilizing the proper base design provides incredible in-flight stability for long-range shooting.

Attributes

- Name: [V-MAX .22 CAL. \(0.224"\) 40GR POLYMER TIP BOAT TAIL 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002659
- Mfr. No.: 22241
- Ballistic Coefficient (G1): 0.200
- Brand Style: V-Max
- Bullet Style: V-Max
- Caliber: 22 Caliber
- Diameter (Breech): 0.224
- Diameter (in): 0.224
- Grain: 40
- Sectional Density: 0.114
- Quantity: 100
- Delivery weight: 0.295kg
- Shipping height: 53mm
- Shipping width: 53mm
- Shipping length: 58mm
- UPC: 090255222418

Item details

Made in USA

US export classification: 0A505.x

VMAX 22 Caliber Polymer Tip Boat Tail Rifle Bullets Safety Instruction Guide

Introduction

Thank you for choosing the Hornady® VMAX® 22 Caliber (0.224") Polymer Tip Boat Tail Rifle Bullets. This guide provides essential safety information and instructions to ensure the safe use and handling of this product. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of these rifle bullets according to the manufacturer's instructions. Follow all safety guidelines to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls. If a recall is issued, follow the instructions provided for returning or disposing of the product.
- **Online Shopping:** If purchased online, verify that the seller complies with safety requirements.
- **Special Consumer Focus:** Extra caution is advised when using this product around vulnerable groups, such as children. Keep all ammunition out of reach.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact point as required by EU regulations.
- **Rapid Alerts:** Monitor updates regarding unsafe products through the Safety Gate system to ensure your safety.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that users are of legal age and have received proper training in firearm safety.
- **Protective Gear:** Always wear appropriate protective gear, including safety glasses and hearing protection, when handling or firing firearms.
- **Storage:** Store ammunition in a cool, dry place, away from direct sunlight and moisture. Use a locked cabinet or safe to prevent unauthorized access.
- **Handling:** Always treat all ammunition as if it is live. Avoid handling bullets with wet or oily hands.
- **Transportation:** When transporting ammunition, ensure it is secured and stored in a manner that prevents movement or damage.
- **Inspection:** Before use, inspect the bullets for any signs of damage or defects. Do not use damaged bullets.

Instructions for Installation and Usage

- **Loading:** Follow the firearm manufacturer's instructions for loading ammunition. Ensure the firearm is pointed in a safe direction at all times.
- **Firing:**
 - Confirm that the firearm is in good working condition before firing.
 - Always ensure the firing area is clear of people and obstructions.
 - Use appropriate shooting techniques and maintain a safe shooting position.
- **Cleaning:** After use, clean the firearm according to the manufacturer's recommendations to maintain performance and safety.
- **Disposal:** Dispose of any unused or damaged ammunition in accordance with local regulations. Do not throw bullets in regular trash. Contact local authorities for safe disposal methods.

Disposal Instructions

- **Unused Bullets:** If you have unused bullets, consult local regulations for safe disposal methods. Do not discard them in household waste.
- **Damaged Bullets:** For damaged or defective bullets, contact local authorities or the manufacturer for guidance on proper disposal.
- **Environmental Considerations:** Always consider environmental impacts when disposing of ammunition. Follow local laws regarding hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the VMAX 22 Caliber Polymer Tip Boat Tail Rifle Bullets, please refer to the manufacturer's contact point as required by EU regulations.

Thank you for prioritizing safety while using Hornady® VMAX® products. Your adherence to these guidelines ensures a safer experience for you and those around you.
