# Sinclair Bench Block for Remington Bolts Safety Instructions

## Introduction

Thank you for choosing the Sinclair Bench Block for Remington Bolts. This product is designed to assist in the safe and efficient handling of Remington bolt actions. It is essential to follow the safety instructions outlined in this guide to ensure safe usage and to minimize any risks associated with its use.

## General Safety Guidelines

- Ensure that the bench block is used only for its intended purpose with Remington bolt actions.
- Always inspect the bench block for any damage before use. Do not use if damaged.
- Keep the bench block out of reach of children and vulnerable individuals.
- Use the bench block in a welllit and clean workspace to avoid accidents.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bench block.
- Ensure that the bolt or firing pin is securely placed in the bench block before attempting to drive out pins.
- Do not apply excessive force when driving out pins, as this may damage the bolt or the bench block.
- Avoid using the bench block with any other type of bolt or firing pin that is not designed for use with Remington bolt actions.
- Be cautious of sharp edges or components when handling the bench block and associated tools.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the Sinclair Bench Block and appropriate bolt tools.
- Ensure your workspace is clean and free of clutter.

### 2. Setting Up:

- Place the Sinclair Bench Block on a stable, flat surface.
- Ensure that the machined "well" is positioned correctly to accommodate the bolt or firing pin.

### 3. Using the Bench Block:

- Secure the Remington bolt or firing pin in the "well" of the bench block.
- Carefully align the driving tool with the pin you wish to remove.
- Apply steady pressure to drive out the pin, ensuring that the bolt remains secure in the bench block.
- Once the pin is removed, carefully lift the bolt out of the bench block.

### 4. After Use:

- Clean the bench block after each use to maintain its condition and ensure safety for future use.
- Store the bench block in a safe place, away from children and pets.

## **Disposal Instructions**

- Dispose of the Sinclair Bench Block in accordance with local regulations for plastic waste.
- If the bench block is damaged beyond repair, ensure it is disposed of safely to prevent any injury.

## **Contact Information for Further Support**

For any inquiries regarding the Sinclair Bench Block for Remington Bolts or for additional safety information, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for your attention to these safety instructions. Proper use of the Sinclair Bench Block will enhance your experience while ensuring safety and compliance with EU safety regulations.
