

SINCLAIR O-RING ROD GUIDES FOR 17 TO 20 CALIBER - SINCLAIR INTERNATIONAL 17 - 20 CALIBER O-RING ROD GUIDE 0.675" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Kimber 84 (pre 2000 mfg). NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

Attributes

Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES. This product is designed to enhance your cleaning experience for firearms ranging from 17 to 20 caliber. To ensure your safety and the proper use of this product, please read and follow the instructions outlined in this guide.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Use the rod guide only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the rod guide for any signs of wear or damage before use.
- If you notice any defects, discontinue use immediately and contact customer support.
- Store the rod guide in a dry place away from direct sunlight and moisture.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting the rod guide.
- Do not force the rod guide into the chamber; it should fit snugly without excessive pressure.
- Avoid using solvents that are not recommended for use with this product.
- Do not use the rod guide if it appears damaged or if the Oring is missing or worn.
- Be cautious when handling cleaning solvents; follow the manufacturer's safety instructions.
- Always wear appropriate safety gear, such as gloves and eye protection, when cleaning firearms.
- Never leave the rod guide unattended while in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is completely unloaded.
- Gather all necessary cleaning supplies, including cleaning solvents and cloths.

2. Installation:

- Remove the bolt or bolt carrier from your firearm.
- Select the appropriate SINCLAIR ORING ROD GUIDE for your specific action and caliber.
- Carefully insert the rod guide snout into the chamber until it is seated properly.
- Ensure that the silicone Oring creates a seal, preventing solvents from leaking back into the action area.

3. Usage:

- Attach your cleaning rod to the rod guide.
- Follow the cleaning procedure recommended for your firearm.
- After cleaning, remove the rod guide by gently pulling it out of the chamber.

4. PostUsage:

- Clean the rod guide with a suitable solvent and cloth after each use.

- Store the rod guide in a safe place, ensuring it is dry and free from contaminants.

Disposal Instructions

- Dispose of any used cleaning solvents and materials according to local regulations.
- If the rod guide is damaged beyond repair, dispose of it in accordance with local waste management guidelines.
- Do not dispose of the rod guide in fire or extreme heat.

Contact Information for Further Support

For any inquiries or support regarding the SINCLAIR ORING ROD GUIDES, please refer to the customer support information provided with your product. Ensure you have your product details ready for a more efficient response.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDES. Thank you for prioritizing safety and compliance with EU regulations. Enjoy your cleaning process!
