

# SINCLAIR O-RING ROD GUIDES FOR 308/30-06 FAMILY - SINCLAIR INTERNATIONAL O-RING GUIDE, 30 CALIBER, 0.720" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action In place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Kimber 84M &84L. NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

## Attributes

- Name: [SINCLAIR INTERNATIONAL O-RING GUIDE, 30 CALIBER, 0.720" DIAMETER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

# Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

## Introduction

Thank you for purchasing the SINCLAIR ORING ROD GUIDES for the 308/3006 family. This guide provides essential safety instructions to ensure the safe and effective use of your rod guide. Please read this manual carefully before use to understand the necessary precautions and instructions.

## General Safety Guidelines

- Ensure that the rod guide is compatible with your firearm's action and cartridge before use.
- Always handle firearms and cleaning equipment with care to prevent accidents.
- Keep the rod guide and all cleaning materials out of reach of children and unauthorized users.
- Inspect the rod guide for any damage or wear before each use. Do not use if damaged.
- Use the rod guide only for its intended purpose as described in this manual.
- Be aware of your surroundings while using the rod guide to avoid potential hazards.

## Specific Safety Precautions for Use

- Always wear safety glasses when cleaning firearms to protect your eyes from solvents and debris.
- Do not use the rod guide if you are unsure about its compatibility with your firearm. Consult a qualified technician if needed.
- Avoid using solvents that are not recommended for use with the rod guide. Refer to the manufacturer's guidelines for appropriate cleaning materials.
- Ensure that the firearm is unloaded and pointed in a safe direction before inserting the rod guide.
- Be cautious of solvent fumes; use the rod guide in a wellventilated area to minimize inhalation risks.
- If you experience any adverse reactions to solvents, discontinue use immediately and seek medical attention if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Clean the area where you will be working to avoid contamination.

### 2. Measuring Bolt Diameter:

- Use a set of dial calipers to measure the bolt diameter of your firearm. This ensures the correct fit of the rod guide.

### 3. Inserting the Rod Guide:

- Align the rod guide with the action of your firearm.
- Gently insert the snout of the rod guide into the chamber until it is fully seated.
- Ensure the silicone "O"ring creates a seal to prevent solvents from leaking.

### 4. Using the Rod Guide:

- Attach the cleaning rod to the rod guide.
- Follow the cleaning instructions for your specific firearm and use appropriate cleaning solvents.
- After cleaning, carefully remove the rod guide from the chamber.

## 5. **PostUse Care:**

- Clean the rod guide after each use to maintain its performance and longevity.
- Store the rod guide in a safe and dry location when not in use.

## **Disposal Instructions**

- Dispose of any cleaning solvents and materials according to local regulations.
- If the rod guide is damaged beyond repair, dispose of it in accordance with local waste disposal regulations.
- Do not dispose of the rod guide in fire, as it may release harmful fumes.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of your SINCLAIR ORING ROD GUIDES, please reach out to the appropriate support channels as indicated on the product packaging or documentation.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective cleaning process for your firearm using the SINCLAIR ORING ROD GUIDES. Always prioritize safety and consult professionals if you have any doubts or questions regarding the use of this product. Thank you for choosing SINCLAIR INTERNATIONAL.
