

SINCLAIR O-RING ROD GUIDES FOR 25 TO 280 CAL - SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 25-280 CALIBER, 0.780" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

Attributes

- Name: [SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 25-280 CALIBER, 0.780" DIAMETER](#)

Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES for your cleaning needs. This guide provides important safety instructions to ensure safe usage of the product. Please read it carefully before using the rod guides.

General Safety Guidelines

- Ensure that the rod guide is compatible with your firearm before use.
- Always handle firearms responsibly and follow all safety protocols.
- Keep the rod guides out of reach of children and vulnerable individuals.
- Inspect the rod guide for any damage before each use. Do not use if damaged.
- Store the rod guides in a cool, dry place away from direct sunlight.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before inserting the rod guide.
- Use the rod guide only for its intended purpose: cleaning your firearm.
- Do not force the rod guide into the chamber; it should fit snugly without excessive pressure.
- Avoid using solvents that are not recommended or compatible with your firearm.
- Do not leave solvents in the chamber for extended periods to prevent damage.
- If you experience any difficulty during use, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary cleaning supplies, including solvents and cleaning rods.

2. Inserting the Rod Guide

- Remove the bolt or bolt carrier from your firearm.
- Carefully insert the SINCLAIR ORING ROD GUIDE into the action.
- Ensure the silicone "O"ring is properly seated in the chamber to create a seal.

3. Using the Cleaning Rod

- Attach the cleaning rod to the appropriate cleaning brush or patch.
- Insert the cleaning rod through the rod guide and into the barrel.
- Apply solvent as needed, ensuring it does not leak back into the action area.

4. After Cleaning

- Remove the cleaning rod and rod guide from the firearm.
- Wipe down the rod guide and clean any excess solvent.
- Reinstall the bolt or bolt carrier once cleaning is complete.

Disposal Instructions

- Dispose of any used cleaning materials and solvents in accordance with local regulations.
- Do not dispose of the rod guide in regular household waste if it is damaged. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any inquiries or support regarding the SINCLAIR ORING ROD GUIDES, please reach out to your local distributor or manufacturer. Ensure you have your product details ready for a more efficient assistance.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your SINCLAIR ORING ROD GUIDE responsibly!
