

SINCLAIR O-RING ROD GUIDES FOR 25 CAL TO 6.5MM BELTED MAG - SINCLAIR INTERNATIONAL 25 CAL-6.5MM BELTED MAG O-RING ROD GUIDE 0.838" DIA

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Browning L70, Sako A3, A4, L61, Finnbear, 491, 591, 691, Howa 1500, Tikka, 595, 590, 695, and 690, Cooper 22, Savage AXIS, Kimber 84 (WSM). NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

Attributes

- Name: [SINCLAIR INTERNATIONAL 25 CAL-6.5MM BELTED MAG O-RING ROD GUIDE 0.838" DIA](#)

Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDE for your cleaning needs. This guide provides essential safety instructions and information for the proper use of this product. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Always ensure that the firearm is unloaded before using the rod guide.
- Use the rod guide only with compatible actions and cartridges as specified in the product description.
- Inspect the rod guide for any signs of damage before each use. Do not use if damaged.
- Keep the rod guide out of reach of children and pets.
- Follow all local laws and regulations regarding the use of firearms and cleaning supplies.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the Oring is properly seated in the chamber before inserting the cleaning rod.
- Do not apply excessive force when using the rod guide, as this may cause damage to the firearm or the rod guide itself.
- Avoid using solvents that are not recommended for your firearm, as they may cause damage.
- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling cleaning solvents and the rod guide.
- If you experience any difficulty during use, stop immediately and consult the product's technical support.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning materials and solvents.

2. Installation:

- Remove the bolt or bolt carrier from the firearm.
- Insert the SINCLAIR ORING ROD GUIDE into the chamber until it is fully seated.
- Ensure that the Oring creates a seal to prevent solvents from leaking back into the action area.

3. Using the Rod Guide:

- Attach the cleaning rod to the appropriate cleaning brush or patch.
- Insert the cleaning rod through the rod guide and into the barrel.
- Apply cleaning solvent as needed, following the manufacturer's instructions for the solvent used.

4. PostUsage:

- Remove the cleaning rod and rod guide from the firearm once cleaning is complete.
- Clean the rod guide with a suitable solvent and allow it to dry before storage.

Disposal Instructions

- Dispose of any used cleaning solvents according to local regulations.
- If the rod guide is damaged beyond repair, dispose of it in accordance with local waste disposal regulations.
- Do not throw the rod guide into regular household waste if it is still functional; consider donating or recycling if appropriate.

Contact Information for Further Support

For assistance or inquiries regarding the SINCLAIR ORING ROD GUIDE, please reach out to the appropriate support channels provided by the manufacturer.

Conclusion

By following the safety instructions outlined in this guide, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDE. Always prioritize safety and proper handling practices while using cleaning equipment. Thank you for your attention to these important safety guidelines.
