

# **SINCLAIR O-RING ROD GUIDES FOR 6MM/6.5MM-284 WINCHESTER - SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 6MM/6.5MM - 284 WINCHESTER, 0.90" DIAMETER**

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action In place of your bold or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports.

## **Attributes**

# Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

## Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDE for your 6MM/6.5MM284 Winchester. This product is designed to enhance your cleaning process while ensuring safety and efficiency. It is essential to follow the safety guidelines outlined in this document to ensure proper use and maintenance of the product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the rod guide is compatible with your firearm's action and cartridge.
- Inspect the rod guide before each use for any signs of damage or wear.
- Keep the rod guide and all cleaning supplies out of reach of children.
- Do not use the rod guide if damaged; replace it immediately.
- Follow all manufacturer recommendations for cleaning solvents and procedures.
- Use personal protective equipment (PPE) such as gloves and goggles when handling solvents.

## Specific Safety Precautions for Use

- Ensure that your firearm is unloaded and the chamber is clear before inserting the rod guide.
- Do not force the rod guide into the chamber; it should fit snugly without excessive pressure.
- Avoid using the rod guide with solvents that are not recommended by the manufacturer.
- Be cautious of solvents that may produce harmful fumes; use in a wellventilated area.
- Do not leave the rod guide in the chamber for extended periods to avoid potential damage.
- If you experience any adverse reactions while using cleaning solvents, stop use immediately and seek medical attention if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded and the chamber is free of any ammunition.
- Gather all necessary cleaning materials, including cleaning rods, patches, and solvents.

### 2. Inserting the Rod Guide:

- Align the rod guide with the chamber of your firearm.
- Gently insert the snout of the rod guide into the chamber, ensuring the silicone "O"ring seals properly.
- Confirm that the rod guide is seated correctly and securely.

### 3. Cleaning Procedure:

- Attach the appropriate cleaning rod to the rod guide.
- Follow the recommended cleaning process, applying solvent as needed.
- Use smooth, consistent strokes to clean the barrel, avoiding excessive force.

### 4. PostCleaning:

- After cleaning, remove the rod guide by gently pulling it out of the chamber.
- Clean the rod guide with a suitable solvent and allow it to dry completely before storage.

- Store the rod guide in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any cleaning solvents according to local regulations.
- Recycle the rod guide if it becomes damaged beyond repair, following local recycling guidelines.
- Do not dispose of the rod guide or any cleaning materials in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the SINCLAIR ORING ROD GUIDE, please reach out to our customer support team. They are available to assist you with any inquiries related to safety, compatibility, or product performance.

By following these guidelines, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDE. Thank you for your attention to safety and for choosing our product.
