## - SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 25 CAL-6.5MM BELTED MAG, 0.695" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Browning L70, Sako A3, A4, L61, Finnbear, 491, 591, 691, Howa 1500, Tikka, 595, 590, 695, and 690, Cooper 22, Savage AXIS, Kimber 84 (WSM). NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

### Attributes

# Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

## Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES. These products are designed to enhance your cleaning process while ensuring the safety and integrity of your firearm. This guide provides essential safety instructions and guidelines to ensure the proper use and maintenance of your rod guides.

## General Safety Guidelines

- Always ensure that your firearm is unloaded before using the rod guide.
- Familiarize yourself with the specific rod guide model you are using, including its compatibility with your firearm.
- Keep the rod guide and all cleaning supplies out of reach of children.
- Inspect the rod guide for any signs of damage before use. Do not use a damaged rod guide.
- Follow all manufacturer instructions for cleaning and maintenance of your firearm.
- Store the rod guide in a safe, dry place when not in use.

## Specific Safety Precautions for Use

- Ensure that the rod guide is properly inserted into the chamber before using a cleaning rod.
- Use only cleaning rods that are compatible with the diameter of the rod guide (.695 inches).
- Avoid using excessive force when inserting or removing the rod guide.
- Do not use the rod guide with solvents that are not recommended for use with your firearm.
- Be cautious of any solvents that may cause skin irritation. Wear gloves if necessary.
- If solvents come into contact with your skin or eyes, rinse immediately with water and seek medical attention if irritation persists.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is completely unloaded and pointed in a safe direction.
- Gather your cleaning supplies, including the appropriate cleaning rod and solvents.

### 2. Inserting the Rod Guide:

- Remove the bolt or bolt carrier from your firearm.
- Insert the SINCLAIR ORING ROD GUIDE into the chamber until it is seated properly.
- Ensure that the silicone "O"ring is making a proper seal to prevent solvent leakage.

### 3. Using the Cleaning Rod:

- Attach your cleaning rod to the appropriate cleaning brush or patch.
- Insert the cleaning rod through the rod guide and into the barrel.
- Perform your cleaning routine as per the firearm manufacturer's recommendations.

### 4. Removing the Rod Guide:

- After cleaning, carefully remove the cleaning rod from the barrel.
- Gently pull the rod guide out of the chamber.
- Inspect the rod guide for any signs of wear or damage.

## **5. PostUse Care:**

- Clean the rod guide with a suitable solvent to remove any residue.
- Store the rod guide in a designated area away from moisture and direct sunlight.

## **Disposal Instructions**

- Dispose of any used cleaning materials according to local regulations.
- Do not dispose of the rod guide in regular household waste if it is damaged. Contact your local waste management facility for proper disposal methods.
- Ensure that all solvents and cleaning agents are disposed of in accordance with local hazardous waste regulations.

## **Contact Information for Further Support**

For any inquiries or support regarding the SINCLAIR ORING ROD GUIDES, please reach out to the designated customer service contact as indicated on the product packaging or your purchase receipt.

By following this safety instruction guide, you can ensure a safe and effective cleaning process for your firearm using the SINCLAIR ORING ROD GUIDES. Thank you for your attention to safety and proper usage.
