

# SINCLAIR O-RING ROD GUIDES FOR 22 CALIBER TO 6MM - SINCLAIR INTERNATIONAL 22 CALIBER - 6MM O-RING ROD GUIDE 0.675" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action In place of your bold or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Enfield SMLE (No. 1 Mk 4 etc) NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

## Attributes

- Name: [SINCLAIR INTERNATIONAL 22 CALIBER - 6MM O-RING ROD GUIDE 0.675" DIAMETER](#)

# SINCLAIR ORING ROD GUIDES FOR 22 CALIBER TO 6MM

## Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES. This guide provides essential safety instructions and information for the proper use of this product. Adhering to these guidelines will help ensure safe and effective operation while maximizing the performance of your cleaning rod guides.

## General Safety Guidelines

- Always use the rod guide in accordance with the manufacturer's instructions.
- Inspect the rod guide for any signs of damage before each use. Do not use a damaged rod guide.
- Keep the rod guide out of reach of children and vulnerable individuals.
- Ensure that the cleaning area is wellventilated when using solvents or cleaning agents.
- Avoid direct contact with solvents; use protective gloves if necessary.
- Report any unsafe conditions or product failures to the appropriate authorities.

## Specific Safety Precautions for Use

- The Oring is designed to create a seal within the chamber. Ensure that it is properly seated before use to prevent leaks.
- Do not force the rod guide into the chamber; if resistance is felt, check for obstructions or misalignment.
- Always clean the rod guide after use to prevent buildup of solvents or debris.
- Use the rod guide only with compatible actions and cartridges as specified in the product description.
- If you experience any issues with the rod guide, cease use immediately and consult the manufacturer's support.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies and the SINCLAIR ORING ROD GUIDE.

### 2. Installation:

- Remove the bolt or bolt carrier from the action.
- Select the appropriate rod guide that matches your action and cartridge.
- Insert the Oring end of the rod guide into the chamber. Ensure it is fully seated.

### 3. Usage:

- Attach your cleaning rod to the rod guide.
- Gently push the cleaning rod through the barrel, being cautious not to apply excessive force.
- Use appropriate cleaning solvents as needed, ensuring that they do not leak into the action area.
- After cleaning, remove the rod guide carefully from the chamber.

### 4. PostUse:

- Clean the rod guide with a suitable solvent to remove any residue.
- Store the rod guide in a safe place, away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any cleaning solvents or materials in accordance with local regulations.
- If the rod guide becomes damaged beyond repair, dispose of it in a responsible manner, ensuring it does not pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any questions, concerns, or to report unsafe conditions, please reach out to the manufacturer or your local safety authority. Ensure that you provide details about the issue and the product to receive appropriate assistance.

By following these guidelines, you can ensure safe and effective use of your SINCLAIR ORING ROD GUIDES. Thank you for prioritizing safety and compliance with EU General Product Safety Regulations.
