

SINCLAIR O-RING ROD GUIDES FOR 30 CALIBER TO 7MM BELTED MAG - SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 30 CALIBER-7MM BELTED MAG, 0.695" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Browning L70, Sako A3, A4, L61, Finnbear, 491, 591, 691, Howa 1500, Tikka, 595, 590, 695, and 690, Cooper 22, Savage AXIS, Kimber 84 (WSM). NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

Attributes

- Name: [SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 30 CALIBER-7MM BELTED MAG, 0.695" DIAMETER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES for your cleaning needs. This guide provides important safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the rod guide with care to avoid injury.
- Keep the rod guide out of reach of children and vulnerable individuals.
- Regularly inspect the rod guide for wear or damage before use.
- If the rod guide appears damaged or worn, discontinue use immediately and contact customer support.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before inserting the rod guide.
- Do not use the rod guide on firearms that are not compatible with its specifications.
- Avoid using excessive force when inserting or removing the rod guide.
- Use only approved cleaning solvents with the rod guide to prevent damage.
- Do not leave the rod guide in the chamber for extended periods after use.
- Follow all manufacturer instructions for cleaning and maintenance of your firearm.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning supplies and the SINCLAIR ORING ROD GUIDE.

2. Installation:

- Remove the bolt or bolt carrier from the firearm action.
- Insert the rod guide snout into the chamber of the firearm until it is fully seated.
- Ensure that the silicone "O"ring forms a proper seal to prevent solvent leakage.

3. Usage:

- Attach the cleaning rod to the rod guide.
- Proceed with the cleaning process as per your firearm's specifications.
- After cleaning, carefully remove the rod guide from the chamber.

4. PostUsage:

- Clean the rod guide thoroughly after each use.
- Store the rod guide in a safe and dry location.

Disposal Instructions

- Dispose of any damaged rod guides in accordance with local regulations.

- Do not dispose of the rod guide in regular household waste if it contains hazardous materials.
- If in doubt, contact local waste management services for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please reach out to our customer service team. Contact details can be found on our website or product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDE. Always prioritize safety and compliance with the guidelines outlined in this document. Thank you for your attention to these important safety measures.
