

SINCLAIR O-RING ROD GUIDES FOR 22 CALIBER TO 6MM - SINCLAIR INTERNATIONAL 22 CALIBER - 6MM O-RING ROD GUIDE 0.900" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Enfield SMLE (No. 1 Mk 4 etc) NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

Attributes

- Name: [SINCLAIR INTERNATIONAL 22 CALIBER - 6MM O-RING ROD GUIDE 0.900" DIAMETER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749002929

Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES. These cleaning rod guides are designed to enhance your firearm maintenance experience by ensuring a secure seal in the chamber, preventing solvent leaks, and protecting your firearm's action. This guide provides important safety instructions to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the cleaning rod guide in accordance with the manufacturer's instructions.
- Inspect the rod guide before each use for any signs of damage or wear.
- Keep the rod guide out of reach of children and pets.
- Do not use the rod guide for any purpose other than its intended use.
- Be aware of your surroundings when cleaning your firearm to avoid accidents.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before inserting the rod guide.
- Use the appropriate rod guide for your specific action and cartridge combination.
- Do not force the rod guide into the chamber; it should fit snugly without excessive pressure.
- Avoid using solvents that are not recommended for your firearm.
- Wear safety glasses when cleaning firearms to protect your eyes from solvents and debris.
- If you experience difficulty or resistance when cleaning, stop immediately and inspect the rod guide and firearm.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the SINCLAIR ORING ROD GUIDE.

2. Insertion:

- Align the rod guide with the chamber of the firearm.
- Gently insert the snout of the rod guide into the chamber until it is fully seated.

3. Cleaning:

- Attach the cleaning rod to the rod guide.
- Proceed with your cleaning routine, using appropriate solvents and brushes.
- The silicone "O"ring will create a seal that prevents solvents from leaking back into the action.

4. Removal:

- After cleaning, carefully remove the rod guide from the chamber.
- Inspect the rod guide for any signs of wear or damage before storing.

5. Storage:

- Store the rod guide in a dry, cool place away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or worn rod guides in accordance with local regulations.
- Do not throw the rod guide in regular household waste if it contains hazardous materials.
- If necessary, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the SINCLAIR ORING ROD GUIDES, please refer to the manufacturer's website or contact their customer service directly.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDES. Thank you for your attention to these important safety guidelines.
