

# SINCLAIR O-RING ROD GUIDES FOR 308/30-06 FAMILY - SINCLAIR INTERNATIONAL 30 CALIBER O-RING ROD GUIDE 0.900" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action In place of your bold or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber. Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Kimber 84M &84L. NOTE: Measure across around area of bolt about in middle with set of dial calipers. Contact Sinclair Reloading tech for proper rod guide.

## Attributes

- Name: [SINCLAIR INTERNATIONAL 30 CALIBER O-RING ROD GUIDE 0.900" DIAMETER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)

# Safety Instruction Guide for SINCLAIR ORING ROD GUIDES

## Introduction

Thank you for choosing the SINCLAIR ORING ROD GUIDES for the 308/3006 family. This guide provides important safety instructions to ensure the safe use and handling of your product. Please read this guide carefully before using the rod guides to understand the necessary precautions and proper usage.

## General Safety Guidelines

- Ensure that the rod guide is compatible with your specific firearm action and cartridge combination.
- Always handle firearms with care and follow all safety protocols when cleaning or maintaining them.
- Keep the rod guide and all cleaning supplies out of reach of children and vulnerable individuals.
- Inspect the rod guide for any signs of damage before each use. Do not use if damaged.
- Store the rod guide in a safe, dry place when not in use to prevent damage and ensure longevity.

## Specific Safety Precautions for Use

- Use the rod guide only for its intended purpose: to clean firearms in the specified caliber range.
- Do not force the rod guide into the chamber; it should fit snugly without excessive pressure.
- Avoid using solvents that are not recommended for your specific firearm or cleaning needs.
- When using solvents, ensure the area is wellventilated to avoid inhalation of harmful fumes.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when using solvents.
- If you experience any adverse reactions to cleaning solvents, discontinue use immediately and seek medical advice.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure your firearm is unloaded and the action is open.
- Identify the correct rod guide for your specific action and cartridge.

### 2. Installation

- Insert the rod guide into the action where the bolt or bolt carrier is located.
- Ensure the silicone "O"ring is properly seated in the chamber to create a seal.
- If the rod guide does not fit easily, do not force it. Check compatibility.

### 3. Usage

- Attach your cleaning rod to the rod guide.
- Proceed with your cleaning routine, ensuring that solvents do not leak into the action area.
- After cleaning, remove the rod guide carefully and clean it as per the manufacturer's recommendations.

### 4. PostUsage Care

- Inspect the rod guide for any wear or damage after each use.
- Clean the rod guide with a suitable cleaner and dry it completely before storage.

## Disposal Instructions

- Dispose of any cleaning solvents and materials in accordance with local regulations.
- For the rod guide, if it reaches the end of its usable life, dispose of it in a manner that prevents environmental contamination.
- Check with local waste management authorities for specific disposal guidelines.

## Contact Information for Further Support

For any questions regarding the use, safety, or disposal of your SINCLAIR ORING ROD GUIDES, please reach out to the appropriate support channels provided by the manufacturer.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your SINCLAIR ORING ROD GUIDES. Thank you for prioritizing safety and proper handling of your products.
