

# SINCLAIR HEX STYLE BULLET COMPARATORS - HEX STYLE BULLET COMPARATOR #2 17-338 CALIBER

[Reloading](#) > [Measuring Tools](#) > [Bullet Comparators](#)

We have been making these hex style bullet comparators for over 20 years, and believe we make the most accurate tools available. The holes in the Sinclair Bullet Comparators are cut with throating reamers to accurately duplicate the actual throat of a rifle. The comparator is used with calipers, and allows the reloader to accurately measure the length from the major diameter of the bullet to the case head. It also enables you to make accurate seating depth changes to your bullet seater. The Sinclair Comparator does not attach to your calipers, so your calipers are free for other measurements. Machined from stainless steel. There are two different models of Sinclair Comparators to cover bullets calibers from .17 caliber to .338. The first model (09-600) features holes bored and throated for .224, 6mm, .257, 6.5mm (.264), 7mm, and 308. The second model (09-700) has holes throated for .172, .204, .224, .270, .308, and .338 caliber.

## Attributes

- Name: [HEX STYLE BULLET COMPARATOR #2 17-338 CALIBER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749002933
- Mfr. No.: 09700
- Caliber: 17 Caliber (.172), 20 Caliber (.204), 22 Caliber (.223-.224), 270/6.8 mm (.277), 30 Caliber (.308), 338 Caliber (.338)
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 83mm
- Shipping length: 130mm
- UPC: 050806111547

# Safety Instruction Guide for SINCLAIR HEX STYLE BULLET COMPARATORS

## Introduction

Thank you for choosing the SINCLAIR HEX STYLE BULLET COMPARATOR. This product has been designed with precision and safety in mind, ensuring that you can accurately measure bullet lengths for reloading purposes. This guide provides important safety instructions, usage guidelines, and contact information for support. Please read this guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that you are familiar with the operation of calipers before using this product.
- Always use the bullet comparator in a welllit and clean environment to avoid accidents.
- Keep the bullet comparator out of reach of children and vulnerable individuals.
- Inspect the bullet comparator for any signs of damage or wear before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the bullet comparator only for its intended purpose: to measure the length from the major diameter of the bullet to the case head.
- Do not modify or alter the bullet comparator in any way.
- Handle the bullet comparator with care to avoid injury from sharp edges or points.
- Always store the bullet comparator in a safe and secure location when not in use.
- Wear appropriate safety gear, such as safety glasses, when using tools in conjunction with the bullet comparator.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including calipers and the bullet comparator.
- Ensure that the calipers are clean and functioning properly.

### 2. Using the Bullet Comparator:

- Select the appropriate model of the bullet comparator based on the caliber of the bullet you are measuring.
- Insert the bullet into the comparator until it is seated properly.
- Use the calipers to measure the distance from the bullet's major diameter to the case head.
- Make any necessary adjustments to your bullet seating depth based on the measurements obtained.

### 3. PostUsage:

- Clean the bullet comparator after each use to maintain accuracy and longevity.
- Store the bullet comparator in its designated case or location to prevent damage.

## Disposal Instructions

- Dispose of the bullet comparator in accordance with local regulations.
- If the bullet comparator is damaged beyond repair, consider recycling the materials if possible.

- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the SINCLAIR HEX STYLE BULLET COMPARATOR, please reach out to the manufacturer or authorized distributor.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your SINCLAIR HEX STYLE BULLET COMPARATOR!
