

# SINCLAIR O-RING ROD GUIDES FOR 223 FAMILY - SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 223 REMINGTON, 0.590" DIAMETER

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

Our Centerfire Cleaning Rod Guides are designed to insert into your action in place of your bolt or bolt carrier. They feature a snout with a silicone "O"-ring that inserts into your chamber, sealing the barrel off from the receiver. The "O"-ring prevents solvents from leaking back into the action area and gumming up the trigger assembly. We currently stock "O"-ring rod guides for over 1000 different action/cartridge combinations. Each rod guide is machined to fit specific actions and cartridge families from .17 up to .338 caliber.

Unfortunately some rifle chamberings do not lend themselves to an "O"-ring style rod guide, for these cartridges we recommend one of our Adjustable Cone Style Rod Guides. In an effort to better serve the cleaning needs of our customers, we have upgraded our Sinclair "O"-ring rod guides to include integral solvent ports. This upgrade is now included with every centerfire bolt action rod guide and nearly all AR style rod guides. If you prefer a rod guide without an integral solvent port, please contact us via e-mail or phone and we will happily provide you with a rod guide to your liking. These rod guides without solvent ports will be treated as semi-custom, so please allow 2-4 weeks for delivery of rod guides without solvent ports. There is no additional charge for rod guides without integral solvent ports. Will fit the following Actions: Borden Rimrock, COOPER 54 & 22, COOPER 16(WSSM), BRNO, Browning A-Bolt, CPS, Dakota Arms Model 76, GA Precision Templar, Stiller Viper, Enfield Model 1917, Grunig Elmiger, Hart, Herter Model V9, Husqvarna Model HVA & M8000, HS Precision, Mauser Model 3000, Mauser 38 Swedish Target, Mauser 98 type, McMillan Signature, Remington (all 700, 600 & 7), Ruger Model 77 short and 77 long, S & W Model 1970, Savage 110, 112, 11, 12, Springfield 03A3, Stolle (all), Tanner, Weatherby, Varmitmaster, and Winchester (pre 2010 FN production). SPECIAL NOTE: FN versions of the Model 70 do not all have .700 bolt diameters. Also they have FIXED ejectors so a slot has to be milled down the length of the rod guide body. So any Model 70 made after 2010 that has FN and not Winchester New Haven Connecticut stamped on the receiver is now a CUSTOM ROD GUIDE and you have to check the bolt diameter.

## Attributes

- Name: [SINCLAIR INTERNATIONAL O-RING ROD GUIDE, 223 REMINGTON, 0.590" DIAMETER](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749002934

# Safety Instruction Guide for SINCLAIR ORING ROD GUIDES FOR 223 FAMILY

## Introduction

Thank you for choosing the Sinclair ORing Rod Guides for the 223 family. This guide provides essential safety instructions and usage information to ensure your safe and effective use of the product. Please read this guide carefully before using the rod guide.

## General Safety Guidelines

- Ensure that the rod guide is compatible with your firearm before use.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the rod guide out of reach of children and vulnerable individuals.
- Inspect the rod guide for any damage before each use; do not use if damaged.
- Use the rod guide only for its intended purpose as described in this guide.
- Store the rod guide in a safe and dry location when not in use.

## Specific Safety Precautions for Use

- **Avoid Contact with Solvents:** The "O"ring is designed to seal the chamber and prevent solvents from leaking. However, avoid direct contact with solvents and chemicals, as they may degrade the materials over time.
- **Check Bolt Diameter:** For specific rifle models, ensure that the bolt diameter matches the specifications provided. Failure to do so may result in improper fit and potential safety hazards.
- **Custom Rod Guide Notice:** If using a Model 70 made after 2010 with FN markings, verify the bolt diameter and understand that it may require a custom rod guide.
- **Do Not Force Installation:** If the rod guide does not fit easily, do not force it. Check for compatibility and consult the manufacturer if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the bolt or bolt carrier from the action.

### 2. Installation:

- Insert the rod guide into the action where the bolt or bolt carrier was removed.
- Ensure the silicone "O"ring is properly seated in the chamber.

### 3. Usage:

- Attach your cleaning rod to the rod guide.
- Use appropriate cleaning solvents and materials as recommended for your firearm.
- After cleaning, remove the rod guide and inspect it for any residue or damage.

### 4. PostUse:

- Clean the rod guide according to the manufacturer's recommendations.
- Store the rod guide in a safe location.

## Disposal Instructions

- Dispose of the rod guide in accordance with local regulations.
- If the rod guide is damaged or no longer usable, consider recycling the materials where possible.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the use of this product, please reach out to the manufacturer through the provided contact methods. Always refer to the manufacturer's website for the most current information and updates.

By following these guidelines, you can ensure the safe and effective use of your Sinclair ORing Rod Guides. Thank you for your attention to safety, and enjoy your cleaning experience!
