

MATCH GRADE BUSHING - HORNADY MATCH GRADE BUSHING/.244

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [HORNADY MATCH GRADE BUSHING/.244](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749003018
- Mfr. No.: 594244

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed for precision reloading and offers unique features to enhance your experience. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle reloading equipment and components with care.
- Ensure that the workspace is clean and organized to avoid accidents.
- Keep all reloading materials out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating reloading equipment.
- Familiarize yourself with local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper use of neck sizing bushings can lead to incorrect bullet tension, which may affect accuracy and safety.
- Oversizing or undersizing cases can result in dangerous malfunctions during firing.
- Ensure that all components are compatible and in good condition before use.

• Avoiding Hazards:

- Always select the appropriate bushing size for your specific bullet and case.
- Do not exceed the manufacturer's recommended specifications for resizing cases.
- Regularly inspect your dies and bushings for wear or damage.

• AgeSpecific Warnings:

- This product is intended for use by adults only. Keep out of reach of children.
- Ensure that inexperienced users are supervised and properly instructed on safe reloading practices.

Instructions for Installation and Usage

• Installation:

1. Ensure that your reloading press is securely mounted and stable.
2. Select the appropriate neck sizing bushing based on your bullet and case specifications.
3. Install the bushing into the Match Grade Neck Die according to the manufacturer's instructions.
4. Secure the die in your reloading press.

• Usage:

1. Prepare your cases by cleaning and inspecting them for damage.
2. Insert the case into the die and raise the press handle to size the neck.
3. Monitor the tension on the bullet by checking the fit after sizing.
4. Repeat the process for all cases, ensuring uniformity in sizing.
5. If using the Match Grade Full Length Die, follow the same steps for sizing the case body and

bumping the shoulder.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on the disposal of hazardous materials.

Contact Information for Further Support

For safety inquiries or assistance with your product, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Hornady Match Grade Bushing. Always prioritize safety and proper handling practices to enjoy the benefits of precision reloading.
