

MATCH GRADE BUSHING - HORNADY MATCH GRADE BUSHING/.248

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Hornady match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

Attributes

- Name: [HORNADY MATCH GRADE BUSHING/.248](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749003020
- Mfr. No.: 594248

MATCH GRADE BUSHING Safety Instruction Guide

Introduction

Thank you for choosing the Hornady Match Grade Bushing. This product is designed to provide precision and flexibility in reloading ammunition. It is important to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the workspace is clean, dry, and wellventilated.
- Keep the product out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Regularly inspect the product for wear or damage before use.
- Store the product in a secure location when not in use.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from improper handling of reloading equipment.
- Risk of oversizing case necks leading to ammunition malfunction.

- **Avoiding Hazards:**

- Always ensure the correct bushing size is selected for your specific needs.
- Never exceed the recommended pressure limits when resizing cases.
- Do not attempt to modify the bushing or any part of the die.
- Ensure that the decap spindle is properly installed before use.
- Keep hands and body parts away from moving parts during operation.

- **AudienceSpecific Warnings:**

- This product is intended for use by individuals who are knowledgeable about reloading practices. It is not suitable for children or inexperienced users.

Instructions for Installation and Usage

- **Installation:**

1. Select the appropriate bushing size (.248 in this case).
2. Install the bushing into the Match Grade Neck Die or Full Length Die as per the product instructions.
3. Ensure the bushing is securely fitted and properly aligned.

- **Usage:**

1. Prepare the cases for resizing by cleaning and inspecting them for damage.
2. Insert the case into the die, ensuring it is seated correctly.
3. Operate the reloading press to resize the case neck using the selected bushing.
4. For the Match Grade Full Length Die, follow the same procedure to size the case body and bump the shoulder.

5. After resizing, carefully remove the case from the die.

- **PostUsage:**

- Clean the bushings and dies after each use to prevent buildup of residue.
- Store the product in a dry, secure location.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle materials where applicable, ensuring that any hazardous materials are handled safely.

Contact Information for Further Support

For any safety inquiries or further assistance, please contact the manufacturer's customer support team. Ensure that you have the product information ready for accurate assistance.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with the Hornady Match Grade Bushing. Always prioritize safety and stay informed about best practices in reloading.
