

NECK REAMER - FORSTER PRODUCTS, INC. 0.2265" INSIDE NECK REAMER

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Forster Inside Neck reamers are designed to remove excess brass from the inside of case neck walls. The Forster Neck Reamer is manufactured from high grade, wear-resistant tool steel and ground .0025" to .003" over the maximum bullet diameter. Constructed with a staggered tooth design so that brass is cut smoothly and without chatter. Neck reaming should only be performed after the cases have been fired with a full load and before the neck or full length sizing operation. Wall thickness can be measured with a tubing micrometer, but a simpler test for excess brass in the neck area is to slide a bullet into a fired, unsized case neck. If you feel interference, the neck should be reamed or outside neck turned.

Inside Neck Reamer .224 Bullet Diameter (.226-.2265)

Wildcat conversions using the .224" bullet with .2200" inside neck diameter and .243" bullet with .2390" inside neck diameter, Forster offers inside neck reamers for these sizes. Use after the CASE sizing operation.

Attributes

- Name: [FORSTER PRODUCTS, INC. 0.2265" INSIDE NECK REAMER](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749003029

NECK REAMER FORSTER PRODUCTS, INC. INSIDE NECK REAMER .224 BULLET DIAMETER (.226.2265) Safety Instructions

Introduction

Thank you for choosing the Inside Neck Reamer .224 Bullet Diameter (.226.2265) from Forster Products, Inc. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read and follow these instructions carefully.

General Safety Guidelines

- Ensure that the reamer is used only for its intended purpose: reaming the necks of cases for .224 caliber bullets.
- Keep the reamer out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment, such as safety glasses and gloves, when using the reamer.
- Inspect the reamer before each use for any signs of damage or wear. Do not use if damaged.
- Store the reamer in a safe, dry place when not in use to prevent accidental injury.

Specific Safety Precautions for Use

- Use the reamer in a wellventilated area to avoid inhaling any dust or debris generated during use.
- Avoid contact with sharp edges of the reamer to prevent cuts or injuries.
- Do not force the reamer through the case neck; let the tool do the work to avoid breakage.
- Ensure that your hands are dry and free from oil or grease to maintain a secure grip on the tool.
- Follow all manufacturer instructions for use and maintenance to ensure the longevity and safety of the tool.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the Inside Neck Reamer, a reloading press or drill, and safety equipment.
- Ensure your workspace is clean and organized to prevent accidents.

2. Installation:

- Securely mount the Inside Neck Reamer in your reloading press or drill according to the manufacturer's instructions.
- Make sure the reamer is properly aligned with the case neck to ensure accurate reaming.

3. Usage:

- Insert the case into the reamer and apply gentle pressure.
- Rotate the reamer slowly and steadily to achieve a uniform cut. Do not rush the process.
- After reaming, remove the case and inspect it for any imperfections.
- Clean the reamer after each use to prevent buildup of debris.

Disposal Instructions

- Dispose of any worn or damaged reamer components in accordance with local regulations.
- Do not discard the reamer in regular household waste. Instead, check for local recycling programs or hazardous waste disposal services.

Contact Information for Further Support

For any safety inquiries or additional support, please reach out to the designated EU contact point for Forster Products, Inc. Ensure you have your product details ready for reference.

By following these safety instructions, you can ensure a safe and effective experience with the Inside Neck Reamer .224 Bullet Diameter (.226.2265). Thank you for your attention to safety!
