

ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL, BOLT ACTION

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

Attributes

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL, BOLT ACTION](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749003115
- Mfr. No.: ACT1

ACTION CLEANING TOOL KIT SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your cleaning tool kit. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is cleaning bolt action rifles.
- Always use the tool kit in a wellventilated area to avoid inhaling any harmful solvents or debris.
- Store the cleaning kit out of reach of children and pets to prevent accidental injury or ingestion of small parts.
- Regularly inspect the tools for wear and tear. Replace any damaged components to maintain safety and effectiveness.
- Avoid using excessive force when cleaning to prevent damage to your rifle and the tools.
- Be aware of your surroundings while cleaning to avoid accidents or injuries.

Specific Safety Precautions for Use

- When using the Lug Recess Tool:
 - Ensure that the tool is securely inserted into the lug recess area before rotating.
 - Do not apply excessive pressure to avoid damaging the bolt lugs.
 - Use only the supplied cleaning felts or cotton rolls to prevent contamination.
- When using the Chamber Swab and Handle:
 - Ensure the chamber is free of ammunition before cleaning.
 - Use appropriate solvents as recommended, and avoid mixing different cleaning agents.
- When using the Bolt Brush:
 - Always brush in the direction of the bolt to avoid scratching surfaces.
 - Wear safety goggles to protect your eyes from debris while scrubbing.

Instructions for Installation and Usage

1. Prepare Your Workspace:

- Ensure your rifle is unloaded and placed securely on a stable surface.
- Gather all components of the cleaning tool kit.

2. Using the Lug Recess Tool:

- Insert the Lug Recess Tool into the locking lug recess area.
- Rotate the tool gently to clean the area, applying solvent to the felts or cotton rolls as needed.
- Use a dry felt or cotton roll to remove any remaining moisture.

3. Using the Chamber Swab and Handle:

- Attach the appropriate mop to the 832 threads of the handle.
- Insert the mop into the chamber and rotate to clean and dry the area.

4. Using the Bolt Brush:

- Spray the bolt with a degreaser.
- Use the doubleheaded brush to scrub the bolt lugs, bolt face, and bolt body.
- Rinse the brush after use to maintain its effectiveness.

5. Final Steps:

- After cleaning, ensure that all components are dry.
- Apply new grease to the bearing surfaces of the bolt.
- Clean and regrease the bolt shroud as needed.

Disposal Instructions

- Dispose of used cleaning felts, cotton rolls, and any other waste materials in accordance with local regulations.
- Do not dispose of solvents or hazardous materials in regular trash. Follow local guidelines for hazardous waste disposal.
- Ensure that all parts of the cleaning kit are stored properly to avoid environmental contamination.

Contact Information for Further Support

For any inquiries or further support regarding the ACTION CLEANING TOOL KIT, please refer to the contact information provided on the packaging or visit our website.

Thank you for your attention to these safety instructions. By following these guidelines, you will ensure a safe and effective cleaning experience with your ACTION CLEANING TOOL KIT.
