# Safety Instruction Guide for .17 to .45 Cal Chamfer & Deburring Tool

## Introduction

Thank you for choosing the .17 to .45 Cal Chamfer & Deburring Tool. This tool is designed to ensure a smooth and safe deburring and chamfering process for your cases. To maximize safety and efficiency, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the tool in accordance with the manufacturer's instructions.
- Inspect the tool before each use for any signs of damage or wear.
- Keep the tool out of reach of children and vulnerable individuals.
- Use the tool only for its intended purpose—deburring and chamfering the case mouth of firearms cartridges.
- Ensure that your working area is clean, welllit, and free from distractions.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure the tool is securely attached to a power drill or screwdriver when in use.
- Do not exceed the recommended speed settings of your power tool to prevent overheating or breakage.
- Always hold the case securely while deburring or chamfering to avoid slipping.
- Avoid placing fingers near the cutting edges of the tool during operation.
- Do not attempt to modify or alter the tool in any way.
- Store the tool in a dry place when not in use to prevent rust or corrosion.

## Instructions for Installation and Usage

### 1. Installation:

- Attach the .17 to .45 Cal Chamfer & Deburring Tool to a Sinclair Deburring Tools Holder (#749002628) if using a power drill or screwdriver.
- Ensure the tool is tightened securely to prevent it from coming loose during operation.

### 2. Usage:

- Select the appropriate caliber case for deburring or chamfering.
- Insert the case mouth into the tool, ensuring it is properly aligned.
- Activate the power tool at a low speed to begin the chamfering or deburring process.
- Gradually increase the speed if necessary, but do not exceed recommended limits.
- For best results, apply even pressure and do not force the tool.
- After use, turn off the power tool and carefully remove the case from the tool.

## Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- If the tool is damaged beyond repair, consider recycling it if possible.
- Do not dispose of the tool in household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this tool, please contact the manufacturer or visit their website for more information.
