

# BULLET PULLER W/O COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition. Requires separate purchase of caliber specific collets.

# BULLET PULLER W/O COLLET Safety Instruction Guide

## Introduction

Thank you for purchasing the RCBS Bullet Puller without Collet. This guide provides essential safety instructions and usage information to ensure safe operation and compliance with EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Keep the bullet puller out of reach of children and vulnerable individuals.
- Inspect the bullet puller for any signs of damage before use. Do not use if damaged.
- Ensure that the bullet puller is used in a wellventilated area to avoid inhalation of any potential dust or debris.
- Follow all local laws and regulations regarding the handling and use of ammunition and reloading equipment.

## Specific Safety Precautions for Use

- This bullet puller is designed for use with jacketed bullets only. Do not attempt to use it with rimfire ammunition.
- Use only caliberspecific collets that are compatible with the bullet puller. Collets must be purchased separately.
- Always wear appropriate safety gear, including safety glasses, when using the bullet puller.
- Do not exceed the maximum caliber range specified by the manufacturer.
- Ensure that the bullet puller is securely attached to a stable reloading press before use.
- Avoid placing hands or body parts near the area of operation during use.

## Instructions for Installation and Usage

### Installation

1. **Select the Appropriate Collet:** Choose the correct caliberspecific collet for the bullet you wish to pull. Ensure that the collet is compatible with the bullet puller.
2. **Attach the Collet:**
  - Insert the selected collet into the bullet puller body.
  - Ensure the collet is securely fastened and properly aligned before proceeding.
3. **Mount the Bullet Puller:**
  - Attach the bullet puller to a 7/814 single stage reloading press.
  - Ensure the puller is firmly secured to prevent movement during operation.

### Usage

1. **Load the Bullet:**
  - Place the bullet into the collet, ensuring it is seated properly.
2. **Activate the Puller:**
  - Operate the reloading press handle to engage the bullet puller and extract the bullet from the cartridge case.
  - Maintain a firm grip on the press handle and avoid jerking motions to ensure a smooth operation.
3. **Remove the Bullet:**
  - Once the bullet is pulled, carefully remove it from the collet.
  - Check the bullet for any damage before reuse.

## **Disposal Instructions**

- Dispose of any damaged or unusable bullets and cartridge cases in accordance with local regulations.
- Do not dispose of the bullet puller in regular household waste. Instead, check with local recycling centers for proper disposal methods.
- Ensure that any hazardous materials are disposed of in a safe and environmentally responsible manner.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the use of the bullet puller, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's official website.

Thank you for following these safety instructions. Your adherence to these guidelines will ensure a safe and effective experience with your RCBS Bullet Puller without Collet.
