

# BULLET SEATER DIES - RCBS SEATER DIE 7MM WEATHERBY MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

RCBS bullet seater dies may also be purchased separately. Some reloaders like to have a separate seater die adjusted for each different bullet they shoot, or for different rifles of the same cartridge. RCBS seater dies have built-in taper or roll crimp ring appropriate for the cartridge. Seater dies are packed in an RCBS plastic die box and will fit any 7/8 to 14 reloading press.

## Attributes

# Safety Instruction Guide for RCBS Bullet Seater Die 7mm Weatherby Magnum

## Introduction

Thank you for choosing the RCBS Bullet Seater Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. It is important to follow these guidelines to minimize risks and enhance your reloading experience.

## General Safety Guidelines

- Ensure all reloading equipment, including the RCBS Bullet Seater Die, is used according to the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading materials.
- Keep all reloading materials and equipment out of reach of children and unauthorized persons.
- Regularly inspect your reloading equipment for signs of wear or damage. Replace any damaged parts immediately.
- Follow all local laws and regulations regarding the use and storage of ammunition components.

## Specific Safety Precautions for Use

- Use the RCBS Bullet Seater Die only with the designated cartridges (7mm Weatherby Magnum).
- Ensure the die is properly adjusted before use to avoid overseating or underseating the bullet.
- Avoid using excessive force when seating bullets to prevent damage to the die or the bullet.
- Always check for proper bullet seating depth before proceeding with further reloading steps.
- Do not exceed the recommended load data provided by reputable sources.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove the existing die from the press if applicable.
- Thread the RCBS Bullet Seater Die into the press, ensuring it is tightened securely.
- Adjust the die to the desired seating depth according to your load specifications.

### 2. Usage:

- Prepare your brass cases according to standard reloading practices.
- Insert a prepared case into the shell holder of the reloading press.
- Place a bullet on the case mouth and raise the ram to seat the bullet.
- Lower the ram and check the seating depth using calipers.
- Repeat the process for each case, ensuring consistent bullet seating.

## Disposal Instructions

- Dispose of any unused or expired reloading materials according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the RCBS Bullet Seater Die, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your RCBS Bullet Seater Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
