

# BULLET SEATER DIES - RCBS SEATER DIE 375 REM ULTRA MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

RCBS bullet seaters may also be purchased separately. Some reloaders like to have a separate seater die adjusted for each different bullet they shoot, or for different rifles of the same cartridge. RCBS seater dies have built-in taper or roll crimp ring appropriate for the cartridge. Seater dies are packed in an RCBS plastic die box and will fit any 7/8 to 14 reloading press.

## Attributes

- Name: [RCBS SEATER DIE 375 REM ULTRA MAG](#)

# Safety Instruction Guide for RCBS Bullet Seater Die 375 Rem Ultra Mag

## Introduction

Thank you for choosing the RCBS Bullet Seater Die 375 Rem Ultra Mag. This guide provides essential safety instructions to ensure the safe and effective use of your die. Please read and understand these guidelines before using the product.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure that the work area is clean, dry, and welllit.
- Store all reloading components, including dies, in a safe place away from children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Familiarize yourself with the specific characteristics of the 375 Remington Ultra Magnum cartridge before use.
- Regularly inspect your equipment for wear or damage, and replace any parts as necessary.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading press (7/8 to 14 threads).
- Do not exceed the recommended load limits for the 375 Remington Ultra Magnum cartridge.
- Always doublecheck the adjustment of the die before each use to ensure proper seating depth.
- Avoid distractions while reloading to maintain focus and prevent accidents.
- Never use damaged or defective components in your reloading process.
- If you experience any malfunctions or irregularities during use, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Ensure your reloading press is securely mounted and stable.
- Remove the lock ring from the die.
- Insert the die into the press and tighten the lock ring to secure it in place.
- Adjust the die to the desired seating depth using the adjustment screw.

### 2. Reloading Process:

- Prepare the cartridge cases by cleaning and resizing them according to standard reloading procedures.
- Place a bullet on the case mouth.
- Operate the press handle to push the case into the die, seating the bullet to the desired depth.
- Inspect each round for proper bullet seating and overall quality.

### 3. PostUse Care:

- Clean the die after each use to remove any residue or debris.
- Store the die in the provided RCBS plastic die box to protect it from damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with local authorities for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the RCBS Bullet Seater Die 375 Rem Ultra Mag, please refer to the manufacturer's contact information provided in the product packaging or manual.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Happy reloading!
