

# PROFILE CRIMP HANDGUN DIES - REDDING PROFILE CRIMP DIE 45 COLT/454 CASULL

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

These handgun cartridge crimp dies were designed for those who want the best possible crimp. Profile crimp dies provide tighter, more uniform roll type crimp, and requires the bullet to be seated to the correct depth in a previous operation. These dies are not for cartridges that headspace on the case mouth.

# Safety Instruction Guide for Redding Profile Crimp Die 45 Colt/454 Casull

## Introduction

Thank you for choosing the Redding Profile Crimp Die for 45 Colt and 454 Casull cartridges. This guide provides important safety information and instructions for the proper use of this product. Please read this guide thoroughly to ensure safe and effective use.

## General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading ammunition before using this product.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment and materials.
- Keep this product out of reach of children and unauthorized users.
- Inspect the die and all components for any signs of damage before each use.
- Do not use the die for cartridges that headspace on the case mouth.
- Follow all manufacturer instructions and guidelines for reloading ammunition.

## Specific Safety Precautions for Use

- Always ensure the bullet is seated to the correct depth in a previous operation before using the crimp die.
- Use this die only with the specified cartridges: 45 (Long) Colt and 454 Casull.
- Do not exceed recommended load limits when reloading ammunition.
- Avoid distractions while using the die and focus on the task at hand.
- Store the die in a dry and secure location when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is mounted securely to a stable work surface.
- Insert the Redding Profile Crimp Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to achieve the desired crimp, ensuring it is securely tightened.

### 2. Usage:

- Prepare your cartridges by seating the bullets to the correct depth before crimping.
- Place the cartridge in the press and engage the handle to apply the crimp.
- Inspect the crimped cartridge to ensure it meets your specifications.
- Repeat the process for each cartridge as needed.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste; follow local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Profile Crimp Die, please refer to the manufacturer's

contact information provided with the product. Ensure you have the product details ready for a more efficient response.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the Redding Profile Crimp Die. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
