

PROFILE CRIMP HANDGUN DIES - REDDING PROFILE CRIMP DIE 44 SPECIAL/44 MAGNUM

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

These handgun cartridge crimp dies were designed for those who want the best possible crimp. Profile crimp dies provide tighter, more uniform roll type crimp, and requires the bullet to be seated to the correct depth in a previous operation. These dies are not for cartridges that headspace on the case mouth.

Safety Instruction Guide for Redding Profile Crimp Die 44 Special/44 Magnum

Introduction

Thank you for choosing the Redding Profile Crimp Die for 44 Special and 44 Magnum cartridges. This product is designed to provide a tight and uniform crimp for your handgun cartridges. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure that your workspace is clean and free of any distractions.
- Use the product only for its intended purpose: crimping 44 Special and 44 Magnum cartridges.
- Keep this product out of reach of children and vulnerable individuals.
- Regularly inspect the die for wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading and safety.

Specific Safety Precautions for Use

- Ensure that you have the correct bullet seated to the proper depth before using the crimp die.
- Do not use the die with cartridges that headspace on the case mouth.
- Wear appropriate safety gear, such as safety glasses, when using the crimp die.
- Avoid wearing loose clothing or jewelry that may become entangled during the operation.
- Do not exceed recommended loads or specifications provided by the manufacturer.
- Store the die in a secure location when not in use to prevent unauthorized access.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the Redding Profile Crimp Die into the press according to the manufacturer's instructions.
- Adjust the die height as necessary to achieve the desired crimp.

2. Usage:

- Prepare your cartridges by ensuring that the bullets are seated to the correct depth.
- Place the cartridge in the shell holder of your reloading press.
- Operate the press to apply the crimp using the Profile Crimp Die.
- Inspect the crimped cartridges to ensure uniformity and quality.
- Repeat the process for additional cartridges as needed.

Disposal Instructions

- Dispose of any defective or damaged dies in accordance with local regulations.
- Do not dispose of the die in household waste. Instead, contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact information provided

with the product packaging or on their official website.
