

# Wilson Case Mouth Uniformer - 30 degrees - L.E. WILSON CASE TRIMMER UNIFORM DEBURRING TOOL 30 DEGREES

[Reloading](#) > [Case Preparation](#) > [Case Mouth Chamfering](#)

Wilson produces two case mouth deburring tools for use in the Wilson Case Trimmer. The deburring tools mount in the cutter bearing and each includes a crank style handle. Cases are held in the trimmer case holders and are held square to the deburring tool. This tool deburs the inside of the case mouth only. The tool is available in the standard 45-degree (WUD45) chamfer and in a 30-degree (WUD30) chamfer for use with VLD bullets. The handle is included, but can be removed to use a Sinclair power adaptor (WSA) so you can power the operation with a drill or rechargeable screwdriver. Not recommended for use on brand new cases.

# Safety Instruction Guide for Wilson Case Mouth Uniformer 30 Degrees

## Introduction

Thank you for choosing the Wilson Case Mouth Uniformer. This tool is designed to enhance the performance of your case trimming process. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the tool is used in accordance with the manufacturer's instructions to prevent accidents and injuries.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the tool.
- Be aware of your surroundings and ensure that the work area is clean and free from hazards.
- Do not use the tool for purposes other than its intended use as described in this guide.

## Specific Safety Precautions for Use

- **Handling:** Always handle the tool with care. Avoid applying excessive force while using the tool.
- **Power Source:** If using a Sinclair power adaptor (WSA), ensure that it is compatible with the tool and the power source.
- **Deburring:** The tool is designed to deburr the inside of the case mouth only. Avoid contact with other parts of the case to prevent injury.
- **New Cases:** Do not use the tool on brand new cases, as this may lead to improper chamfering and potential hazards.
- **Child Safety:** This tool is not intended for use by individuals under the age of 18. Ensure that it is stored safely out of their reach.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the handle from the deburring tool if necessary.
- Insert the deburring tool into the cutter bearing of the Wilson Case Trimmer.
- Secure the tool in place according to the manufacturer's instructions.

### 2. Usage:

- Place the case securely in the trimmer case holder, ensuring it is held square to the deburring tool.
- Operate the tool using the crank handle or the Sinclair power adaptor, ensuring smooth and controlled movements.
- After deburring, carefully remove the case from the holder and inspect it for any remaining burrs.

### 3. Maintenance:

- Clean the tool after each use to prevent buildup of debris.
- Store the tool in a dry and safe place.

## **Disposal Instructions**

- Dispose of the tool and any packaging materials in accordance with local regulations.
- Do not dispose of the tool in household waste. Check for local recycling programs that accept metal tools.

## **Contact Information for Further Support**

For any inquiries regarding the Wilson Case Mouth Uniformer or its safety, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Wilson Case Mouth Uniformer. Always prioritize safety and proper usage to maximize the performance of your tool.
