

# AR-15/AR-10™ AR VISE BLOCKS - SINCLAIR INTERNATIONAL

## SINCLAIR AR-10 VISE BLOCK

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bench & Vise Blocks](#)

The Sinclair Vise Block is the perfect tool for securely holding your AR-15/AR-10® in a bench vise. The Vise Block inserts into your magazine well just like a magazine and the bottom half of the block can be clamped into a vise. You can tilt the block in the vise to work at a different angle if desired. You can also insert the vise block into the top of the lower assembly allowing you to work on the bottom side. The Vise Block is made of machined high density polyethylene, so it is extremely solid. Great workbench tool. AR-10® Model only fits Armalite® AR-10® pattern rifles, does not fit DPMS/SR25 pattern rifles.

# Safety Instructions for the Sinclair AR15/AR10™ Vise Blocks

## Introduction

Thank you for choosing the Sinclair AR15/AR10™ Vise Blocks. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide thoroughly before use.

## General Safety Guidelines

- Always use the vise block in accordance with the manufacturer's instructions.
- Ensure that the work area is clean, dry, and welllit.
- Keep the vise block out of reach of children and unauthorized users.
- Inspect the vise block for any damage before each use. Do not use if damaged.
- Use personal protective equipment (PPE), such as safety glasses and gloves, when working with firearms.
- Be aware of your surroundings and ensure that no one is in the vicinity when working on firearms.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting it into the vise block.
- Do not exceed the recommended clamping pressure when securing the vise block in a vise.
- Avoid placing fingers or hands near moving parts when adjusting the block.
- Do not modify or alter the vise block in any way.
- Use the vise block only with Armalite® AR10® pattern rifles. It is not compatible with DPMS/SR25 pattern rifles.
- Always follow local laws and regulations regarding firearm maintenance and safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and the magazine is removed.
- Gather necessary tools and safety equipment.

### 2. Inserting the Vise Block:

- Align the vise block with the magazine well of the firearm.
- Insert the top half of the vise block into the magazine well until it is securely in place.

### 3. Securing the Vise Block:

- Position the bottom half of the vise block into the jaws of a bench vise.
- Tighten the vise gently to secure the block without excessive force.

### 4. Adjusting the Angle:

- If needed, you can tilt the vise block in the vise to work at a different angle.
- Ensure the block is still securely clamped before proceeding with any work.

### 5. Working on the Firearm:

- Proceed with your maintenance or modifications as needed.
- Always maintain focus and ensure safety throughout the process.

## **6. Removing the Vise Block:**

- Once work is complete, carefully loosen the vise to release the block.
- Remove the vise block from the magazine well of the firearm.

## **Disposal Instructions**

- Dispose of the vise block in accordance with local regulations.
- If the vise block is damaged or no longer usable, consider recycling the materials if possible.
- Do not dispose of the vise block in regular household waste.

By following these safety instructions, you can ensure the safe and effective use of the Sinclair AR15/AR10™ Vise Blocks. Thank you for your attention to safety.
