

# BODY DIES - 7MM-08 REMINGTON BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

## Attributes

- Name: [7MM-08 REMINGTON BODY DIE](#)

# BODY DIES 7MM08 REMINGTON BODY DIE Safety Instruction Guide

## Introduction

Thank you for choosing the BODY DIES 7MM08 REMINGTON BODY DIE. This product is designed to assist in the reloading process by resizing cases for optimal performance. It is essential to follow safety guidelines to ensure safe and effective use. This guide provides important safety information, usage instructions, and contact details for further support.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Ensure that the workspace is clean, dry, and welllit.
- Avoid distractions while using the body die to maintain focus and precision.
- Do not exceed the recommended load specifications for the cartridge.
- Be aware of the potential hazards associated with reloading, including the risk of accidental discharge and exposure to lead.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the BODY DIES, reloading press, and cases to be resized.
- Ensure that your reloading area is organized and free of clutter.

### 2. Installation:

- Secure the BODY DIES in your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press for accurate resizing.

### 3. Usage:

- Insert the case into the die, ensuring it is positioned correctly.
- Operate the reloading press smoothly and steadily, applying consistent pressure.
- After resizing the case body and bumping the shoulder, run the case through the neck die to achieve proper neck tension.
- Inspect the resized cases for any abnormalities before use.

### 4. PostUse:

- Clean the BODY DIES after use to remove any debris and maintain performance.

- Store the product in a safe and dry location, away from children and pets.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- If the BODY DIES are no longer needed, consider recycling if applicable. Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BODY DIES 7MM08 REMINGTON BODY DIE, please refer to the manufacturer's website or customer service for assistance. Ensure you have the product details ready when seeking support.

Thank you for your attention to these safety guidelines. Proper use and care of the BODY DIES will ensure a safe and effective reloading experience.
