

BODY DIES - 270 WINCHESTER BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

Safety Instruction Guide for BODY DIES 270 WINCHESTER BODY DIE

Introduction

Thank you for choosing the BODY DIES 270 WINCHESTER BODY DIE. This product is designed to help you resize your cartridge cases effectively. It is important to follow all safety guidelines and instructions to ensure safe and proper use. This guide provides essential information to help you understand how to use this product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the product instructions before use.
- Ensure that the product is suitable for your specific needs and applications.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or defects before use. Do not use if damaged.
- Use the product only for its intended purpose as outlined in this guide.
- Follow all local laws and regulations regarding the use of reloading equipment.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the body die.
- Ensure that your work area is clean, organized, and welllit to minimize the risk of accidents.
- Avoid distractions while operating the body die to maintain focus and precision.
- Store the body die in a secure location when not in use to prevent unauthorized access.
- Do not modify the body die or use it in any way that is not recommended by the manufacturer.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the BODY DIES 270 WINCHESTER BODY DIE, a reloading press, and the cartridge cases you intend to resize.
- Ensure that your workspace is clean and free of any obstructions.

2. Installation

- Secure the BODY DIES 270 WINCHESTER BODY DIE in the reloading press according to the manufacturer's instructions.
- Make sure that the die is properly aligned with the press to ensure effective operation.

3. Usage

- Insert the cartridge case into the press and raise the ram to engage the die.
- Slowly lower the ram to resize the case body and bump the shoulder position.
- After resizing, remove the case from the press and inspect it for proper resizing.
- It is recommended to run the resized case through a neck die to achieve proper neck tension.

4. PostUsage

- Clean the body die after use to remove any debris or residue.

- Store the body die in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable products in accordance with local waste disposal regulations.
- Do not discard the product in regular household waste if it contains hazardous materials.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further support regarding the BODY DIES 270 WINCHESTER BODY DIE, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective experience when using the BODY DIES 270 WINCHESTER BODY DIE. Thank you for prioritizing safety in your reloading practices.
