

# CARBIDE SIZING BUTTON KIT - 338 CALIBER CARBIDE SIZING BUTTON

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Upgrade your Redding Standard and Type S dies with a carbide sizing button. Makes inside neck sizing smoother and easier without lubrication. Available for bottleneck cartridges in 22 through 30 caliber. The carbide button free floats on the decapping rod allowing it to self-center itself in the case neck. The kit comes complete with a carbide button, retainer, and spare decapping pin. Decap rod not included. Not intended for use on dies other than Redding standard and Type S neck and full length dies.

# CARBIDE SIZING BUTTON KIT 338 CALIBER Safety Instructions

## Introduction

Thank you for choosing the CARBIDE SIZING BUTTON KIT 338 CALIBER. This product is designed to enhance your Redding Standard and Type S dies, making inside neck sizing smoother and easier. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only with Redding Standard and Type S neck and fulllength dies.
- Always handle the product with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any wear or damage to the product before use.
- Follow all manufacturer guidelines and recommendations for use and maintenance.

## Specific Safety Precautions for Use

- **Lubrication:** The carbide sizing button allows for lubricationfree operation. However, ensure that the components are clean and free from debris.
- **SelfCentering:** The carbide button free floats on the decapping rod. Ensure it is properly seated before operation to avoid misalignment.
- **Decapping Pin:** The kit includes a spare decapping pin. Use only the provided pin or compatible replacements to avoid damage.
- **Decap Rod:** This product does not include a decap rod. Ensure you have a compatible rod before use.
- **Inspection:** Before each use, inspect the carbide button and retainer for any signs of damage. Do not use if damaged.

## Instructions for Installation and Usage

1. **Preparation:** Ensure you have the necessary Redding Standard or Type S die set for installation.
2. **Remove Existing Components:**
  - Remove the existing decapping pin and rod from your die.
3. **Install the Carbide Button:**
  - Insert the carbide sizing button onto the decapping rod.
  - Ensure the button is seated properly and can move freely.
4. **Attach the Retainer:**
  - Secure the retainer to hold the carbide button in place.
5. **Reassemble the Die:**
  - Reinsert the decapping rod with the attached carbide button and retainer back into the die.
6. **Testing:**
  - Before full operation, test the setup with a dummy case to ensure proper alignment and function.
7. **Operation:**
  - Proceed with your reloading process, ensuring to monitor the operation for any irregularities.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged or no longer usable, check with local recycling centers for appropriate disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support, please refer to the manufacturer's contact point as indicated on the packaging or product documentation.
