

CARBIDE SIZING BUTTON KIT - 25 CALIBER CARBIDE SIZING BUTTON

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Upgrade your Redding Standard and Type S dies with a carbide sizing button. Makes inside neck sizing smoother and easier without lubrication. Available for bottleneck cartridges in 22 through 30 caliber. The carbide button free floats on the decapping rod allowing it to self-center itself in the case neck. The kit comes complete with a carbide button, retainer, and spare decapping pin. Decap rod not included. Not intended for use on dies other than Redding standard and Type S neck and full length dies.

CARBIDE SIZING BUTTON KIT 25 CALIBER Safety Instruction Guide

Introduction

Thank you for choosing the CARBIDE SIZING BUTTON KIT 25 CALIBER. This product is designed to enhance your reloading experience by providing a smoother and easier inside neck sizing process without lubrication. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only with Redding Standard and Type S neck and fulllength dies.
- Always inspect the product for damage before use. Do not use if damaged.
- Keep out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to local authorities.
- Stay informed on product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses when operating the equipment.
- Ensure that your workspace is clean and free from obstructions to prevent accidents.
- Avoid wearing loose clothing or jewelry that could get caught in machinery.
- Do not exceed the recommended caliber specifications; the kit is designed specifically for 25 caliber cartridges.
- Handle all components with care to avoid injury during installation and usage.

Instructions for Installation and Usage

Installation

1. **Prepare Your Workspace:** Clear a clean, welllit area for installation.
2. **Inspect Components:** Check the carbide button, retainer, and decapping pin for any defects.
3. **Remove Existing Button:** If replacing an existing button, carefully remove it from the die.
4. **Install Carbide Button:**
 - Place the carbide button onto the decapping rod.
 - Ensure it is seated properly and free to float.
5. **Secure Retainer:** Attach the retainer to hold the button in place.
6. **Reassemble Die:** Put the die back together, ensuring all components are securely fastened.

Usage

1. **Setup:** Install the die into your reloading press according to the manufacturer's instructions.
2. **Loading Cartridges:** Insert the 25 caliber cases into the die, ensuring they are properly aligned.
3. **Decapping Process:** Operate the press to decap and size the cases. The carbide button will selfcenter in the case neck for optimal performance.
4. **Check Results:** Inspect sized cases for consistency and quality before proceeding with reloading.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw components in regular trash; check for recycling options for metal parts.
- Ensure that any hazardous materials are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any questions or concerns regarding the CARBIDE SIZING BUTTON KIT 25 CALIBER, please refer to the product packaging or visit the manufacturer's website for further assistance.

Thank you for your attention to these safety guidelines. Enjoy your reloading experience with the CARBIDE SIZING BUTTON KIT 25 CALIBER!
