

BODY DIES - 243 WINCHESTER BODY DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

BODY DIES 243 WINCHESTER BODY DIE Safety Instruction Guide

Introduction

Thank you for choosing the BODY DIES 243 WINCHESTER BODY DIE. This product is designed to enhance your reloading experience by providing a reliable method for fulllength resizing of cartridge cases. Please read this safety instruction guide carefully to ensure safe and effective use of this product.

General Safety Guidelines

- Always follow the manufacturer's instructions when using reloading equipment.
- Keep the product out of reach of children and pets.
- Use the product only for its intended purpose as specified in the product description.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Ensure your workspace is clean, dry, and welllit to avoid accidents.
- Regularly inspect the product for signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use may lead to accidents, including personal injury or damage to equipment.
- Handling of reloading components can pose risks of burns or cuts.

- **Avoiding Hazards:**

- Do not exceed the recommended pressures or loads when reloading ammunition.
- Ensure that the body die is properly secured in your reloading press before use.
- Always check that the cartridge cases are clean and free of obstructions before resizing.
- Avoid using damaged or worn cases, as they may lead to unsafe conditions.
- Never leave the reloading process unattended.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is compatible with the BODY DIES 243 WINCHESTER BODY DIE.
- Securely attach the body die to the press according to the manufacturer's guidelines.

2. Usage:

- Start by inspecting the cartridge case for cleanliness and integrity.
- Insert the case into the die and follow the resizing process as instructed.
- After resizing with the body die, run the case through a neck die to achieve proper neck tension.
- Document any adjustments made during the resizing process for future reference.

3. PostUse:

- Clean the body die after use to prevent residue buildup.
- Store the body die in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not throw away the product in regular household waste. Check for local recycling programs that accept metal products.
- Ensure that all reloading components, including spent cartridges, are disposed of safely.

Contact Information for Further Support

For any questions or concerns regarding the BODY DIES 243 WINCHESTER BODY DIE, please reach out to your local retailer or the manufacturer's customer support. Ensure to have the product details and any relevant information ready for a prompt response.

By following these guidelines, you can ensure a safe and effective reloading experience with your BODY DIES 243 WINCHESTER BODY DIE. Thank you for your attention to safety and responsible use of this product.
