

# CARBIDE SIZING BUTTON KIT - 6MM CARBIDE SIZING BUTTON

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Upgrade your Redding Standard and Type S dies with a carbide sizing button. Makes inside neck sizing smoother and easier without lubrication. Available for bottleneck cartridges in 22 through 30 caliber. The carbide button free floats on the decapping rod allowing it to self-center itself in the case neck. The kit comes complete with a carbide button, retainer, and spare decapping pin. Decap rod not included. Not intended for use on dies other than Redding standard and Type S neck and full length dies.

# CARBIDE SIZING BUTTON KIT Safety Instruction Guide

## Introduction

Thank you for choosing the CARBIDE SIZING BUTTON KIT 6MM CARBIDE SIZING BUTTON. This product is designed to enhance your reloading experience by providing a smoother and easier inside neck sizing process without lubrication. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the product if it appears damaged or malfunctioning.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the CARBIDE SIZING BUTTON is compatible with your Redding Standard and Type S dies.
- Do not attempt to use this product with dies other than Redding Standard and Type S neck and fulllength dies.
- Avoid using excessive force during the sizing process to prevent damage to the button or the die.
- Always wear appropriate safety gear, such as eye protection, when using reloading equipment.
- Follow proper reloading practices to minimize risks associated with ammunition handling.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the die is clean and free from any debris.
- Remove the existing sizing button from your Redding die.
- Attach the carbide sizing button by threading it onto the decapping rod.
- Secure the retainer to hold the button in place.
- Insert the spare decapping pin if necessary.
- Ensure that the carbide button is freefloating on the decapping rod.

### 2. Usage:

- Set up your reloading press according to the manufacturer's specifications.
- Insert the case into the die and ensure it is properly positioned.
- Operate the press slowly and steadily to size the neck of the case.
- Check the sizing results and repeat if necessary.
- After use, clean the die and button to maintain performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the CARBIDE SIZING BUTTON KIT, please refer to the manufacturer's contact information provided with your product. Always ensure that you have the latest information and support resources available.

Thank you for your attention to these safety instructions. Enjoy your reloading experience!
