

# CARBIDE SIZING BUTTON KIT - 20 CALIBER CARBIDE SIZING BUTTON

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Upgrade your Redding Standard and Type S dies with a carbide sizing button. Makes inside neck sizing smoother and easier without lubrication. Available for bottleneck cartridges in 22 through 30 caliber. The carbide button free floats on the decapping rod allowing it to self-center itself in the case neck. The kit comes complete with a carbide button, retainer, and spare decapping pin. Decap rod not included. Not intended for use on dies other than Redding standard and Type S neck and full length dies.

# CARBIDE SIZING BUTTON Safety Instruction Guide

## Introduction

Thank you for choosing the CARBIDE SIZING BUTTON KIT 20 CALIBER CARBIDE SIZING BUTTON. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper use may lead to accidents or injuries during reloading.
  - The carbide sizing button is sharp; handle with care to avoid cuts.
- **Avoiding Hazards:**
  - Always ensure that the die is firmly secured in the reloading press before use.
  - Do not attempt to modify the product in any way.
  - Ensure that the decapping rod is properly seated and that the carbide button is free from obstructions before operation.
- **Audience Specific Warnings:**
  - This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the existing sizing button from your Redding Standard or Type S die.
- Carefully insert the carbide sizing button into the die, ensuring it is seated properly.
- Attach the retainer to secure the carbide button in place.
- Ensure the spare decapping pin is stored safely for future use.

### 2. Usage:

- Set up your reloading press according to the manufacturer's instructions.
- Insert the case into the die and ensure it is aligned correctly.
- Operate the press smoothly to size the neck of the cartridge.
- Monitor the process to ensure the carbide button is selfcentering in the case neck.
- After use, clean the carbide button to remove any debris.

## Disposal Instructions

- Dispose of any defective or broken components in accordance with local regulations.
- Do not dispose of the product in general waste. Check for recycling options specific to metal and plastic components.
- Ensure that any unused or expired products are disposed of safely to prevent accidental use.

## **Contact Information for Further Support**

For any questions or further support regarding the CARBIDE SIZING BUTTON KIT, please refer to the manufacturer's website or customer service for assistance. Always keep this safety instruction guide for your records and future reference.

Thank you for your attention to safety and for choosing our product. Happy reloading!
