

# CARBIDE SIZING BUTTON KIT - 30 CALIBER CARBIDE SIZING BUTTON

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Upgrade your Redding Standard and Type S dies with a carbide sizing button. Makes inside neck sizing smoother and easier without lubrication. Available for bottleneck cartridges in 22 through 30 caliber. The carbide button free floats on the decapping rod allowing it to self-center itself in the case neck. The kit comes complete with a carbide button, retainer, and spare decapping pin. Decap rod not included. Not intended for use on dies other than Redding standard and Type S neck and full length dies.

## CARBIDE SIZING BUTTON Safety Instructions

### Introduction

Thank you for choosing the CARBIDE SIZING BUTTON KIT 30 CALIBER CARBIDE SIZING BUTTON. This product is designed to enhance your reloading experience by providing a smoother and easier inside neck sizing process without lubrication. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

### General Safety Guidelines

- Always ensure that you are using the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before use. Do not use if damaged.
- Use the product only with Redding Standard and Type S neck and fulllength dies.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- **Hazard Identification:** Potential hazards include improper installation, misuse, and failure to follow safety guidelines.
- **Avoiding Hazards:**
  - Always ensure that the carbide button is securely attached to the decapping rod before use.
  - Do not force the sizing button into the case neck; it should selfcenter without excessive pressure.
  - Avoid using the product with other brands of dies, as compatibility is not guaranteed.
  - Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- **AudienceSpecific Warnings:**
  - This product is not intended for use by individuals under the age of 18 without adult supervision.
  - Ensure that inexperienced users receive proper training before using this product.

### Instructions for Installation and Usage

- **Installation:**
  1. Ensure that your reloading die is clean and free of debris.
  2. Remove the existing decapping pin from your Redding Standard or Type S die.
  3. Attach the carbide sizing button to the decapping rod. Ensure it is securely fastened.
  4. Insert the decapping rod with the carbide button back into the die, ensuring it is properly seated.
- **Usage:**
  1. Adjust your reloading press according to the manufacturer's specifications.
  2. Place a cartridge case into the shell holder.
  3. Lower the ram of the press to bring the carbide button into contact with the case neck.
  4. Allow the carbide button to selfcenter in the case neck. Do not apply excessive force.
  5. Raise the ram to complete the sizing process, then remove the cartridge case.
- **PostUsage:** After use, clean the carbide button and surrounding areas to prevent buildup of debris.

Store the carbide sizing button kit in a safe and dry location.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the carbide sizing button kit according to local regulations for hazardous materials.
- Recycle packaging materials where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the CARBIDE SIZING BUTTON KIT 30 CALIBER CARBIDE SIZING BUTTON, please refer to the manufacturer's website or customer service resources for further assistance.

Thank you for prioritizing safety while using the CARBIDE SIZING BUTTON KIT. Your careful attention to these guidelines helps ensure a safe and effective reloading experience.
