

# WILSON CASE GAGE - L.E. WILSON 284 WINCHESTER CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

## Attributes

- Name: [L.E. WILSON 284 WINCHESTER CASE GAGE](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749003940
- Mfr. No.: CG-284W
- Cartridge: 284 Winchester
- Delivery weight: 0.181kg
- Shipping height: 30mm
- Shipping width: 36mm
- Shipping length: 84mm
- UPC: 857949005562

# **WILSON CASE GAGE L.E. WILSON 284 WINCHESTER CASE GAGE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 284 WINCHESTER CASE GAGE. This guide provides essential safety instructions to ensure the safe and effective use of your case gage. Please read this document thoroughly to understand how to use the product safely and to comply with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Ensure that the product is used only for its intended purpose, which is to check the dimensions of cartridge cases.
- Keep the gage out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the gage for any signs of damage or wear. Do not use a damaged gage.
- Always store the gage in a safe and dry location when not in use.
- Follow all local laws and regulations regarding the handling and reloading of ammunition.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, such as safety glasses, when using the gage.
- Avoid using the gage in wet or humid environments to prevent rust and corrosion.
- Do not force the case into the gage. If it does not fit, check for damage or incorrect sizing.
- Ensure that your hands are clean and dry to maintain a secure grip on the gage.
- When measuring, hold the gage securely to avoid slipping and ensure accurate readings.
- If you are unfamiliar with reloading practices, seek guidance from a knowledgeable individual before use.

## **Instructions for Installation and Usage**

### **1. Setup:**

- Remove the gage from its packaging.
- Inspect the gage for any visible defects or damage.
- Place the gage on a stable, flat surface.

### **2. Using the Regular Style Gage:**

- Insert the cartridge case into the gage.
- Check the overall length to determine if trimming is needed.
- Measure the datum to head length to ensure correct headspace.

### **3. Using the Adjustable Style Gage:**

- For belted magnum cases, ensure the belt is properly seated in the gage.
- Measure the shoulder to prevent excessive resizing.
- Regularly check the fit and adjust as necessary to maintain proper headspace.

### **4. PostUse:**

- Clean the gage with a soft, dry cloth after each use to remove any residue.
- Store the gage in its designated case or a safe location to avoid damage.

## **Disposal Instructions**

- Dispose of the gage in accordance with local regulations.
- If the gage is no longer usable, consider recycling it if local facilities allow for metal recycling.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the WILSON CASE GAGE L.E. WILSON 284 WINCHESTER CASE GAGE, please refer to the manufacturer's website or contact the relevant support channels for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your WILSON CASE GAGE. Thank you for your attention to these important guidelines.
