# WILSON CASE LENGTH GAGE Safety Instruction Guide

## Introduction

Thank you for choosing the L.E. Wilson Case Length Gage for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the Case Length Gage.

## General Safety Guidelines

- Ensure that you are familiar with the specific use of the Case Length Gage before attempting to operate it.
- Always handle the Case Length Gage with care to avoid injury.
- Keep the Case Length Gage out of reach of children and vulnerable individuals.
- Inspect the Case Length Gage for any damage or wear before each use. Do not use if damaged.
- Use the Case Length Gage only for its intended purpose, which is to check the overall length of 30 Carbine cases.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when handling ammunition and reloading equipment.
- Ensure that your workspace is clean and free from obstructions to avoid accidents.
- Do not attempt to modify or adjust the Case Length Gage in any way.
- Do not use the Case Length Gage in wet or damp conditions to prevent slipping and potential injuries.
- If you experience any discomfort or unusual resistance while using the Case Length Gage, stop immediately and check for issues.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials before starting the measuring process.
- Ensure that the Case Length Gage is clean and free from debris.

### 2. Using the Case Length Gage

- Insert the case into the gage until it rests against the stop.
- Check the overall length of the case against the minimum and maximum specifications.
- Remove the case from the gage after measuring.

### 3. PostUse Care

- Clean the Case Length Gage after each use to maintain its accuracy and longevity.
- Store the Case Length Gage in a safe and dry location when not in use.

## Disposal Instructions

- Dispose of the Case Length Gage responsibly. If it becomes unusable, check local regulations for proper disposal methods.
- Do not dispose of the Case Length Gage in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the L.E. Wilson Case Length Gage, please refer to the provided contact resources or consult your retailer.

Thank you for taking the time to read this safety instruction guide. Your adherence to these guidelines will help ensure a safe and effective experience with the L.E. Wilson Case Length Gage.
