## Safety Instruction Guide

### Introduction

Thank you for choosing the L.E. Wilson Case Length Gage for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual carefully before using the Case Length Gage to familiarize yourself with its features and safety precautions.

### General Safety Guidelines

- Always use the Case Length Gage in accordance with the manufacturer's instructions.
- Ensure that the product is stored in a dry and safe location when not in use.
- Keep the Case Length Gage out of reach of children and vulnerable individuals.
- Regularly inspect the Case Length Gage for any signs of damage or wear before use.
- Use the Case Length Gage only for its intended purpose, which is checking the overall length of rifle and pistol cases.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Do not attempt to modify or adjust the Case Length Gage, as it is a nonadjustable tool.
- Use the Case Length Gage with care to avoid injury from sharp edges or milled surfaces.
- Always wear appropriate safety gear, such as safety glasses, when using the tool.
- Ensure that the cases being measured are free from any obstructions or debris.
- Do not apply excessive force when using the Case Length Gage, as this may lead to inaccurate measurements or damage to the tool.
- Avoid using the Case Length Gage in wet or humid conditions to prevent rust or corrosion.

### Instructions for Installation and Usage

#### 1. Preparation

- Ensure your work area is clean and welllit.
- Gather all necessary tools and materials, including the L.E. Wilson Case Length Gage and the cases you wish to measure.

#### 2. Using the Case Length Gage

- Hold the Case Length Gage firmly in one hand.
- Insert the case to be measured into the gage until it is fully seated.
- Check the alignment of the case within the gage to ensure accurate measurement.
- Read the measurements indicated by the gage to confirm whether the case length is within the specified tolerances.

#### 3. PostUsage

- Remove the case from the gage carefully.
- Clean the Case Length Gage with a soft cloth to remove any debris or residue.
- Store the gage in its designated location to prevent damage.

## **Disposal Instructions**

- Dispose of the Case Length Gage responsibly if it is no longer usable.
- Follow local regulations for the disposal of tools and equipment.
- Do not dispose of the Case Length Gage in regular household waste if it contains any hazardous materials.

## **Contact Information for Further Support**

For questions or concerns regarding the use of the L.E. Wilson Case Length Gage, please refer to the product packaging or the manufacturer's website for additional support and resources.

Remember to always prioritize safety and adhere to the guidelines provided in this manual. Thank you for choosing the L.E. Wilson Case Length Gage for your reloading projects.
