

# WILSON CASE GAGE - 6MM PPC CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper heads space, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder.  
SPECIAL ORDER CASE GAGES ARE AVAILABLE---MEASURE CASE LENGTH ONLY

## Attributes

- Name: [6MM PPC CASE GAGE](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749003978
- Mfr. No.: CG-6PPC
- Cartridge: 6 PPC
- Delivery weight: 0.136kg
- Shipping height: 30mm
- Shipping width: 36mm
- Shipping length: 86mm
- UPC: 857949005845

# WILSON CASE GAGE 6MM PPC CASE GAGE Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON CASE GAGE 6MM PPC CASE GAGE. This product is designed to assist you in achieving precise measurements for your cartridge cases, ensuring optimal performance during reloading. Proper use of this tool will enhance safety and efficiency in your reloading process. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the operation and handling of reloading equipment before using the case gage.
- Always wear appropriate safety gear, including eye protection, when handling reloading tools and components.
- Keep the case gage out of reach of children and vulnerable individuals to prevent accidental misuse.
- Regularly inspect the case gage for any signs of wear or damage before each use.
- If you notice any irregularities with the case gage, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Handling:** Always handle the case gage with care to prevent dropping or damaging the tool.
- **Measurement:** Use a caliper in conjunction with the case gage for accurate measurements. Ensure the caliper is calibrated correctly.
- **Oversizing:** Be cautious of oversizing your brass, as this can lead to dangerous situations during reloading. Regularly check the headspace of fired cases.
- **Adjustable Style Use:** When using the adjustable style for belted magnums, keep in mind that resizing should be minimal at the shoulder to prolong case life.
- **Storage:** Store the case gage in a safe, dry place when not in use to prevent damage and ensure longevity.

## Instructions for Installation and Usage

### 1. Setting Up the Gage:

- Remove the case gage from its packaging.
- Ensure the gage is clean and free from debris.

### 2. Measuring Overall Length:

- Insert the cartridge case into the gage.
- Check the overall length to determine if trimming is needed.
- Use a caliper to measure the datum to head length for accurate headspace assessment.

### 3. Using the Adjustable Style:

- For belted magnum cases, adjust the gage as necessary.
- Ensure the belt provides support for proper headspace.

### 4. Regular Checks:

- Regularly measure your brass to ensure it remains within safe dimensions.

- Document measurements to track any changes over time.

#### **5. PostUse Care:**

- Clean the case gage after each use to maintain its accuracy.
- Store in a protective case or designated area to prevent damage.

## **Disposal Instructions**

- Dispose of the WILSON CASE GAGE responsibly at the end of its life cycle.
- Check with local regulations for proper disposal methods of metal tools.
- Do not dispose of the gage in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the WILSON CASE GAGE 6MM PPC CASE GAGE, please consult the manufacturer's website or customer service resources for further assistance.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the WILSON CASE GAGE 6MM PPC CASE GAGE.
