

# Otto Rear Bag Stabilizer - SINCLAIR INTERNATIONAL OTTO REAR BAG STABILIZER

[Shooting Accessories](#) > [Shooting Rests](#) > [Bench Rest Bags](#)

This bag stabilizer was made to place under your rear bag to provide additional stability. The doughnut shape bag fits underneath Protektor Model or Bald Eagle rear bags. Some rear bags tend to rock due to the rounding they get with use, and the bag stabilizer prevents the rocking. The bag stabilizer also raises the rear bag for those shooting stocks with a near straight comb such as a Borden, TMBR, or Scoville stock. Legal for use in NBRSA and IBS registered benchrest shoots. Made of Leather (suede). Note: Sand required to fill bag.

## Attributes

# Otto Rear Bag Stabilizer Safety Instruction Guide

## Introduction

Thank you for choosing the Otto Rear Bag Stabilizer from Sinclair International. This product is designed to enhance your shooting experience by providing stability and support for your rear bag. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the Otto Rear Bag Stabilizer is used according to the manufacturer's instructions.
- Regularly inspect the stabilizer for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- If you notice any defects or issues with the product, discontinue use immediately and report the problem.
- Ensure that the stabilizer is filled with sand only, as other materials may compromise its integrity and safety.
- Follow all local laws and regulations regarding the use of shooting accessories.

## Specific Safety Precautions for Use

- Use the stabilizer only with compatible rear bags, such as Protektor Model or Bald Eagle rear bags.
- Ensure that the stabilizer is placed securely under the rear bag to prevent slipping or movement during use.
- Be cautious of the height adjustment when using the stabilizer with stocks that have a near straight comb, such as Borden, TMBR, or Scoville stocks.
- Avoid using the stabilizer in wet or damp conditions, as this may affect its performance and safety.
- Do not exceed the recommended weight limit for the rear bag when using the stabilizer.

## Instructions for Installation and Usage

### 1. Filling the Stabilizer:

- Fill the Otto Rear Bag Stabilizer with dry sand only. Ensure that the sand is clean and free from debris.
- Close the filling opening securely to prevent sand leakage.

### 2. Placement:

- Position the stabilizer directly under your rear bag. Ensure it is centered and stable.
- Adjust the height as necessary to accommodate your shooting stock.

### 3. Securing the Setup:

- Doublecheck that the rear bag is securely placed on top of the stabilizer.
- Test the stability by gently pushing the rear bag to ensure it does not rock or shift.

### 4. Using the Stabilizer:

- Once set up, proceed with your shooting activities while maintaining awareness of your surroundings.
- If you notice any instability or movement, stop using the stabilizer and reassess the setup.

## **Disposal Instructions**

- When the Otto Rear Bag Stabilizer reaches the end of its life cycle, dispose of it responsibly.
- Check local regulations for proper disposal methods for leather and any other materials used in the product.
- If the stabilizer is damaged beyond repair, ensure that it is disposed of in a manner that prevents accidental use.

## **Contact Information for Further Support**

For any inquiries regarding the Otto Rear Bag Stabilizer, please reach out to your local retailer or manufacturer. They will be able to assist you with any questions or concerns you may have.

Thank you for using the Otto Rear Bag Stabilizer. We hope it enhances your shooting experience while ensuring safety and stability.
