

# SEATER DIES - REDDING SEATER DIE 308 WINCHESTER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for Redding Seater Die 308 Winchester

## Introduction

Thank you for choosing the Redding Seater Die 308 Winchester. This guide provides essential safety instructions and information to ensure the safe use of this product. Please read this guide carefully before using the die to understand how to operate it safely and effectively.

## General Safety Guidelines

- Ensure that you are familiar with the reloading process and have received proper training before using this product.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a secure location away from children and unauthorized users.
- Regularly inspect the die for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Only use the Redding Seater Die with compatible cartridges (308 Winchester).
- Do not exceed the recommended load limits for your specific reloading setup.
- Ensure the die is properly installed in your reloading press before use.
- Never attempt to modify or alter the die in any way.
- Use the die only for its intended purpose: bullet seating.
- Be aware of the potential hazards associated with reloading, including handling of gunpowder and primers.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing dies from the press if necessary.
- Insert the Redding Seater Die into the press and tighten it securely.
- Adjust the seating depth as needed according to your specifications.

### 2. Usage:

- Prepare your cartridge cases by cleaning and resizing them as needed.
- Place a bullet on top of the prepared cartridge case.
- Operate the press handle slowly and steadily to seat the bullet.
- Check the seating depth periodically to ensure it meets your specifications.
- After use, clean the die to remove any residue and store it in a safe location.

## Disposal Instructions

- Dispose of any used or damaged reloading components in accordance with local regulations.
- Do not dispose of hazardous materials, such as gunpowder or primers, in regular trash.
- Contact your local waste management authority for guidance on safe disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Seater Die 308 Winchester, please reach out to your local retailer or manufacturer's customer service. Always ensure that you have the product's details ready for a more efficient response.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the Redding Seater Die 308 Winchester. Thank you for prioritizing safety in your reloading practices.
