[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Wrenches](#) > [General Wrenches](#)

**BALLDRIVER® HEX KEY L-WRENCH SETS** The Bondhus BallDriver® Hex Key L-Wrench Sets are essential tools for gunsmiths and firearm enthusiasts, offering precision and versatility for various maintenance and assembly tasks. These sets feature ball-end hex wrenches that allow for angled entry up to 25 degrees, facilitating access to screws in confined or challenging spaces.

**Available Sets:** 6-Piece Metric Set: This set accommodates sizing ranges from 1.5mm to 5mm which are useful for sight adjustments, trigger work and some accessory installations. 8-Piece Standard Set: Focused on standard sizes ranging from .050" to 5/32", this set is ideal for common firearm maintenance tasks.

**13-Piece Set: Standard Set:** These wrenches are ideal for maintenance and adjustment of various firearms components. **22-Piece Combo Set:** This comprehensive set includes both metric and standard (SAE) sizes, providing a wide range of wrenches to accommodate various applications. **Key Features:**

**Ball-End Design:** Allows for angled entry up to 25 degrees, enabling access to fasteners in tight or obstructed areas. **Durable Construction:** Made from high-quality materials, these wrenches are designed to withstand regular use without compromising performance.

**Convenient Storage:** Each set comes with a special holder that locks the wrenches in place, ensuring organized storage and easy access.

**Customer Insights:** Customers appreciate the Bondhus BallDriver® Hex Key L- Wrench Sets for their durability and the convenience of the ball-end design, which simplifies working in tight spaces. The secure storage holders are also praised for keeping the wrenches organized and readily accessible. Incorporating the Bondhus BallDriver® Hex Key L- Wrench Sets into your toolkit enhances your ability to perform precise and efficient firearm maintenance and assembly. Their thoughtful design and robust construction make them valuable assets for both professional gunsmiths and hobbyists.

# Safety Instruction Guide for BALLDRIVER® HEX SETS BONDHUS

## Introduction

Thank you for choosing the BALLDRIVER® HEX SETS BONDHUS. This guide provides essential safety instructions to ensure the safe and effective use of your hex wrench set. Please read this document carefully to understand how to use the product safely and responsibly.

## General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following general safety guidelines:

- Always read and understand the product manual before use.
- Store the tool in a dry, secure place away from children.
- Inspect the tool before each use to ensure it is in good condition.
- Do not use the tool for any purpose other than its intended use.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when using the tool.
- Be aware of your surroundings to avoid accidents and injuries.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

When using the BALLDRIVER® HEX SETS, please follow these specific safety precautions:

- Ensure the wrench is securely fitted to the fastener before applying force.
- Do not use excessive force; this may damage the tool or the fastener.
- Avoid using the tool in wet or damp conditions to prevent slipping.
- Do not use the tool if it is damaged or worn; replace it immediately.
- Keep hands and body clear of the working area to avoid injury.
- Use the ball driver ends for applications that require angled access; do not exceed the 25degree angle limit.
- Ensure the holder is locked securely to prevent tool loss during use.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of your BALLDRIVER® HEX SETS:

### 1. Selecting the Right Wrench:

- Choose the appropriate size hex wrench for the fastener you are working with.

### 2. Using the Wrench:

- Insert the long end of the wrench into the fastener head.
- Ensure the ball driver end is positioned correctly to allow for angled access.
- Apply steady pressure while turning the wrench to loosen or tighten the fastener.

### 3. Storing the Wrench:

- After use, return the wrench to the holder.
- Ensure the holder is locked to prevent loss of tools.

#### **4. Maintenance:**

- Clean the wrenches regularly to remove dirt and debris.
- Store in a dry location to prevent rust and corrosion.

## **Disposal Instructions**

When it comes time to dispose of your BALLDRIVER® HEX SETS, please follow these guidelines:

- Do not dispose of the tool in regular household waste.
- Check local regulations for proper disposal methods of tools and materials.
- Consider recycling the tool if possible, as many components may be recyclable.

## **Contact Information for Further Support**

For any questions or concerns regarding the BALLDRIVER® HEX SETS BONDHUS, please contact the designated EUbased support contact. Ensure you have the product information ready for efficient assistance.

By following these safety instructions, you can ensure a safe and efficient experience with your BALLDRIVER® HEX SETS BONDHUS. Thank you for prioritizing safety!
