# SEATER DIES REDDING SEATER DIE 223 REMINGTON Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Seating Die for 223 Remington. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die. Please read this document thoroughly before using the product.

## General Safety Guidelines

- Ensure that all safety precautions are followed when using reloading equipment.
- Store the die in a safe, dry place away from children and pets.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Keep your work area clean and organized to prevent accidents.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of injury from improper handling and the risk of explosion from incorrect loading practices.
- Regularly inspect the die for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Only use the Redding Seating Die with compatible cartridges (223 Remington).
- Do not exceed the recommended load data provided by reputable reloading manuals.
- Ensure that the die is properly secured in your reloading press before use.
- Avoid distractions while reloading to maintain focus and attention.
- Do not attempt to modify the die or any of its components.
- If you notice any unusual sounds or malfunctions while using the die, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Securely attach the Redding Seating Die to the press, following the manufacturer's instructions.
- Adjust the die to the desired depth for bullet seating as per your specific requirements.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Place a bullet in the case mouth and insert the case into the die.
- Operate the reloading press to seat the bullet to the desired depth.
- After seating, remove the completed cartridge and inspect it for proper seating and crimping.
- Repeat the process for additional cartridges, ensuring to monitor for consistency.

## Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away the die in regular waste; check with local authorities for proper disposal methods for metal tools and components.
- Ensure that all waste materials are disposed of safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Redding Seating Die, please contact the manufacturer or your local distributor. They can provide additional information and support as needed.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and successful reloading experience with your Redding Seating Die.
