

NECK SIZER DIES - RCBS NECK SIZER DIE 6.5X55MM SWEDISH

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

Attributes

- Name: [RCBS NECK SIZER DIE 6.5X55MM SWEDISH](#)
- Manufacturer: [RCBS](#)

NECK SIZER DIES RCBS NECK SIZER DIE

6.5X55MM SWEDISH Safety Instruction Guide

Introduction

Thank you for choosing the RCBS Neck Sizer Die for your reloading needs. This guide provides important safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the Neck Sizer Die.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading ammunition.
- Keep the work area clean and free of distractions to prevent accidents.
- Store all reloading equipment, including the Neck Sizer Die, out of reach of children and unauthorized users.
- Report any unsafe products or accidents to your local authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the Neck Sizer Die with the appropriate cartridge (6.5 x 55 mm Swedish Mauser).
- Ensure that the die is securely mounted on a compatible reloading press (7/8 to 14).
- Avoid overtightening the die in the press, which may cause damage or malfunction.
- Always inspect cases for damage before sizing. Do not use cases that are cracked or excessively worn.
- Follow the manufacturer's instructions for decapping spent primers and sizing cases to avoid injury.
- Never point the reloading press or die at yourself or others while operating.
- Keep hands and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation

- Ensure your reloading press is on a stable and level surface.
- Remove the die from its packaging and inspect it for any damage.
- Insert the Neck Sizer Die into the reloading press's die holder and tighten securely, but do not overtighten.
- Adjust the die height according to the manufacturer's specifications to ensure proper sizing.

2. Usage

- Place an empty cartridge case into the shell holder of the reloading press.
- Pull the handle to raise the shell holder, bringing the case into contact with the die.
- The die will size the neck, decap the spent primer, and size for correct bullet tension with the expander ball.
- Once the process is complete, lower the handle and remove the sized case.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any used or damaged reloading equipment, including the Neck Sizer Die, in accordance with local regulations.
- Do not dispose of ammunition components in regular household waste.

- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the RCBS Neck Sizer Die, please consult the manufacturer's website or contact their customer support directly.

Thank you for prioritizing safety while using the RCBS Neck Sizer Die. Your adherence to these guidelines helps ensure a safe reloading experience.
