

# NECK SIZER DIES - RCBS NECK SIZER DIE 308 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

## Attributes

- Name: [RCBS NECK SIZER DIE 308 WIN](#)

# Safety Instruction Guide for RCBS Neck Sizer Die 308 Win

## Introduction

Thank you for choosing the RCBS Neck Sizer Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and the specific use of neck sizing dies.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a safe place, out of reach of children and pets.
- Regularly inspect the die for any signs of wear or damage before use.
- In case of any malfunction or unusual behavior during use, discontinue use immediately and consult the manufacturer.

## Specific Safety Precautions for Use

- Do not use the neck sizer die for any other purpose than intended.
- Ensure that the die is securely mounted on the reloading press before use.
- Always check that the die is clean and free from debris before inserting cases.
- Handle spent primers with care to avoid injury.
- Be aware of potential hazards associated with reloading, including handling of gunpowder and primers.
- Follow all local laws and regulations regarding ammunition reloading.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the neck sizer die and ensure all components are present.
- Mount the die securely onto your reloading press, ensuring it fits the 7/8 to 14 standard.
- Adjust the die to the correct height according to your press specifications.

### 2. Usage:

- Begin by cleaning the cartridge cases to remove any dirt or debris.
- Insert the cartridge case into the die.
- Pull the handle of the reloading press to size the neck of the case.
- The die will decap the spent primer and size the neck for proper bullet tension.
- Remove the sized case and inspect it for quality.
- Repeat the process for each case as needed.

## Disposal Instructions

- Dispose of any spent primers and unused powder according to local regulations.
- If the neck sizer die becomes damaged beyond repair, contact your local waste management authority for proper disposal methods.
- Do not dispose of reloading components in regular household waste.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the RCBS Neck Sizer Die, please refer to the manufacturer's website or contact your local dealer.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the RCBS Neck Sizer Die 308 Win. Always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for your attention and happy reloading!
