

NECK SIZING DIES - REDDING NECK SIZING DIE 30-06 SPRINGFIELD

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Attributes

- Name: [REDDING NECK SIZING DIE 30-06 SPRINGFIELD](#)

NECK SIZING DIES REDDING NECK SIZING DIE 3006 SPRINGFIELD Safety Instruction Guide

Introduction

Thank you for choosing the Redding Neck Sizing Die for your 3006 Springfield cartridges. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before using the die.

General Safety Guidelines

- Ensure that you follow all safety instructions provided in this guide to prevent accidents and injuries.
- Always handle the die with care and keep it out of reach of children.
- Use the die only for its intended purpose: sizing the necks of bottleneck cases.
- Regularly inspect the die for any signs of damage or wear before each use.
- If you notice any irregularities or defects, do not use the die and contact a qualified professional for advice.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Always wear safety glasses when operating the die to protect your eyes from debris.
- Ensure that your workspace is clean and free of obstructions to prevent accidents.
- Do not exceed the recommended load limits for your cartridges.
- Store the die in a secure location when not in use to prevent unauthorized access.
- Be aware of your surroundings and ensure that no one is in close proximity when using the die.
- Do not attempt to modify the die in any way, as this can compromise its safety and effectiveness.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the Redding Neck Sizing Die.
- Insert the die into the press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

2. Usage:

- Prepare your fired brass cases by cleaning them to remove any dirt or debris.
- Insert the case into the die and ensure it is seated properly.
- Operate the reloading press slowly and steadily to size the neck of the case.
- After sizing, remove the case and inspect it for proper sizing and any defects.
- Repeat the process for each case as needed.

Disposal Instructions

- Dispose of the die and any related materials in accordance with local regulations.
- Do not dispose of the die in regular household waste if it is damaged or worn.
- Check with local authorities for proper disposal methods for metal and reloading equipment.

Contact Information for Further Support

For safety inquiries or further assistance regarding the Redding Neck Sizing Die, please refer to the manufacturer's contact information provided with your product.

By following these guidelines, you can ensure the safe and effective use of your Redding Neck Sizing Die. Thank you for prioritizing safety in your reloading practices.
