Safety Instruction Guide for FULL LENGTH SIZING DIES REDDING 3006 SPRINGFIELD

Introduction

Thank you for choosing the FULL LENGTH SIZING DIES REDDING 3006 SPRINGFIELD. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the dies to help prevent accidents and ensure proper functioning.

General Safety Guidelines

- Ensure that all safety measures are followed during the use of the sizing dies.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while handling and using the dies.
- Keep the dies out of reach of children and unauthorized individuals.
- Inspect the dies for any damage or wear before each use. Do not use damaged dies.
- Be aware of the potential risks associated with reloading ammunition, including but not limited to, the risk of explosion, injury from projectiles, and exposure to toxic materials.
- Always work in a wellventilated area to minimize exposure to fumes and dust.

Specific Safety Precautions for Use

- Use the sizing dies only for the intended purpose of resizing 3006 Springfield cartridges.
- Always follow the manufacturer's instructions for setup and operation of the dies.
- Use a headspace gauge when setting up the full length sizing die to ensure proper sizing and avoid oversizing.
- Do not exceed the recommended specifications for cartridge reloading, including powder and bullet weights.
- Avoid wearing loose clothing or jewelry that could get caught in machinery while operating the dies.
- Never point the die or any firearm towards yourself or others during the resizing process.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the sizing die, decapping assembly, expander ball, and headspace gauge.
- Ensure your workspace is clean and organized.

2. Installation of the Die

- Securely mount the sizing die into your reloading press according to the manufacturer's instructions.
- Attach the decapping assembly and expander ball as per the provided guidelines.

3. Setting Up the Die

- Adjust the die to the desired depth using the lock ring. Use a headspace gauge to verify the correct setup.
- Lock the die in place once the desired adjustment is achieved.

4. Resizing Process

- Insert a cartridge case into the die.
- Operate the reloading press to resize the cartridge, ensuring smooth operation without excessive force.
- Remove the resized cartridge from the die and inspect it for proper sizing.

5. PostUse Care

- Clean the dies after use to remove any residue or debris.
- Store the dies in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Recycle materials where possible, and do not dispose of the dies in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided on the packaging or in the product documentation.

By following these safety instructions, you can ensure a safe and effective experience with your FULL LENGTH SIZING DIES REDDING 3006 SPRINGFIELD. Thank you for prioritizing safety while reloading ammunition.
