

NECK SIZING DIES - REDDING NECK SIZING DIE 308 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for Redding Neck Sizing Die 308 Win

Introduction

Thank you for choosing the Redding Neck Sizing Die for your reloading needs. This guide provides important safety instructions to ensure the safe and effective use of your neck sizing die. Please read and understand these instructions before using the product.

General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) including safety glasses and gloves while handling reloading equipment.
- Store the neck sizing die in a safe and dry place, away from children and unauthorized users.
- Regularly inspect the die for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.
- Ensure that your workspace is clean and organized to prevent accidents.

Specific Safety Precautions for Use

- Use only the Redding Neck Sizing Die for sizing the necks of .308 Winchester bottleneck cases.
- Never interchange fired cases between different rifles, as neck sizing dies do not size the shoulder or body of the case.
- Keep hands and clothing clear of the die while in use to avoid injury.
- Avoid using excessive force when operating the die to prevent damage to the equipment and ensure safety.
- Be aware of the potential for lead exposure when handling fired cases. Wash hands thoroughly after use.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted on a stable surface.
- Insert the Redding Neck Sizing Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for proper sizing of the case neck.

2. Usage:

- Begin by cleaning the fired cases to remove any dirt or residue.
- Place the case in the shell holder of the reloading press.
- Pull the handle to raise the ram and engage the neck sizing die with the case neck.
- After sizing, lower the ram and remove the case from the shell holder.
- Inspect the sized case to ensure it meets specifications before proceeding with reloading.

Disposal Instructions

- Dispose of any damaged or worn reloading equipment, including the neck sizing die, in accordance with local waste disposal regulations.
- Do not dispose of reloading materials in regular household trash. Follow specific guidelines for hazardous materials if applicable.

Contact Information for Further Support

For further assistance or safety inquiries regarding the Redding Neck Sizing Die, please refer to the manufacturer's official website or customer service resources.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Redding Neck Sizing Die. Always prioritize safety and be aware of your surroundings while reloading. Thank you for your attention to these guidelines, and happy reloading!
